**PATENT**

**REEL: 033053 FRAME: 0205**

## **PATENT ASSIGNMENT**

**WHEREAS**, we, Peter Van Voris of Daniel Island, South Carolina; Edward S. Lipinsky of Fairview, North Carolina; and Dominic A. Cataldo of Kennewick, Washington, have invented certain new and useful improvements in:

### **METHODS AND COMPOSITIONS FOR ATTRACTING OR REPELLING COCKROACHES**

for which we made application for Letters Patent of the United States on August 1, 2008, as serial no. 12/221,344; and

**WHEREAS**, BioGuard Research and Development, Inc., a corporation of the State of Delaware, having an office at 10815 Cottonwood Dr., Kennewick, WA 99338, herein called "Assignee", is desirous of acquiring our entire right, title, and interest in said invention and application therefor, and in any patent or patents to be obtained therefor;

**NOW, THEREFORE**, To All Whom It May Concern, be it known that, for and in consideration of the sum of One Dollar (\$1.00), and other good and valuable consideration, the receipt of which is hereby acknowledged, we have sold, assigned, and transferred, and by these presents do sell, assign, and transfer unto said Assignee, our entire right, title and interest in and to the invention shown, described, or claimed therein, and to any improvements thereof, and the full and exclusive right and title to said application serial no. 12/221,344, filed on August 1, 2008; and in and to any extensions, reissues, divisions, continuations, renewals, or continuations-in-part thereof; and we do hereby authorize and request the Commissioner of Patents and Trademarks or other proper Officer to issue such Letters Patent to the Assignee of our entire right, title and interest in and to the same for the sole use and behoove of the said Assignee, and its successors or assigns.

And we further covenant and agree that we will, at the request and expense of the said Assignee, execute such further assurance of title as may be necessary or proper to fully convey the interest herein sought to be conveyed; that we will, at the request and expense of the said Assignee, execute such application papers as may be desired by the said Assignee for the filing of any division, continuation, renewal, or continuation-in-part of the application herein conveyed, or for the reissues or extension of any Letters Patent that may be granted upon said application, and will execute such Supplemental Oaths and Preliminary Statements, or other papers as desired by the said Assignee.

And we further assign unto the said Assignee our whole right, title, and interest to the invention disclosed in the application throughout all countries foreign to the United States, and do hereby authorize the said Assignee to apply for patents therefor in its own name in countries where such procedure is proper and to claim the benefit of the International Convention and I do agree to execute applications for the said invention in the several countries where it is necessary that the same be executed by the inventor, and to execute assignments of such applications and the patents to be obtained therefor to the said Assignee, as well as all other necessary papers.
