**ASSIGNMENT**

**WHEREAS**, I, John H. WHALEN, being a citizen of the United States, having an address at 115 Park Ave., Sheridan, Illinois 60551 (hereinafter referred to as "Assignor"), have made new and useful processes, machines, articles of manufacture, compositions of matter, ornamental design and/or improvements in **TRAY BOX** (hereinafter referred to as "Invention"), for which I am about to make or have made an application for Letters Patent of the United States (Attorney Docket No. 2054327-5115DES) (hereinafter referred to as "Application").

**WHEREAS**, Plano Molding Company, having a place of business at 431 East South Street, Plano, Illinois 60545, and who, together with its successors and assigns (hereinafter referred to as "Assignee") is desirous of acquiring the title, rights, interest, benefits, and privileges in and to the Application, the Invention set forth therein, and in and to any Letters Patent of the United States to be obtained therefor and thereon.

**NOW, THEREFORE**, for good and valuable consideration furnished by Assignee to me, receipt and sufficiency of which I hereby acknowledge, Assignor has sold, assigned, transferred and set over, and by these presents does sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the Invention and Application, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said Application, and any and all Letters Patent in the United States and all foreign countries which may be granted therefor and thereon, and reissues, reexaminations and extension of said Letters Patent, and all rights under the International Convention for Protection of Industrial Property including all rights of priority, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made.

**AND** for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignor is the sole and lawful owner of the entire right, title and interest in and to the said Invention and Application, and that the same are unencumbered and that Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

**AND** for the same consideration, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letters Patent for said inventions, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns shall advise: that any proceeding in connection with said inventions, or said Application for Letters Patent, or any proceeding in connection with any Letters Patent or applications for Letters Patent for said Invention in any country, including but not limited to derivation proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

**AND** Assignor hereby requests the Director of the United States Patent and Trademark Office to issue said Letters Patent of the United States to Assignee, as Assignee of said Invention, said Application, and the Letters Patent to be issued thereon, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.
