**ASSIGNMENT**

WHEREAS, Guoqiang Aston Zhu, of 5807 Iroquois Lane, Apartment 2A, Mishawaka, Indiana 46545 and Wangguang Wu of Gujia Industrial Area, Meicheng Town, Jiande, Zhejiang, China 311604, ("Assignors"), have invented certain new and useful improvements in a Four Prong Plug, ("Invention") as fully set forth and described in an application for United States of America (the "Patent Application") patent, Serial No.: 211494159, filed on 6-18-14; and

WHEREAS, Jiande Yonghua Electrical Equipment Co., Ltd., created and existing under the laws of the Country of China, with its principal place of business at Gujia Industrial Area, Meicheng Town, Jiande, Zhejiang, China 311604 and ZH Brothers International, Inc., created and existing under the laws of the State of Indiana, with its mailing address of P.O. Box 917, Granger, Indiana 46530-0917, ("Assignee"), are desirous of acquiring the entire right, title and interest in and to the Invention and in and to any patent which may issue there for throughout the world, including without limiting the generality of the foregoing, the United States and all jurisdictions foreign thereto; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

Assignment. Assignors hereby sell, transfer and assign unto Assignees, their successors and assigns, each a 50% interest in the Invention and the Patent Application, free and clear of all liens, security interests, liabilities and encumbrances, their respective rights, title and interest in and to the Invention, the Patent Application and in and to any patent which may issue for the Invention in any jurisdiction throughout the world, including without limitation, any and all divisions, reissues, continuations, conversions, renewals or revivals of any patent issued for the Invention, the same to be held and enjoyed by Assignees for their own use and benefit, for the full term or terms for which the same may be granted, as fully and entirely as the same would have been held and enjoyed by Assignors had this Assignment not been made.

Assignors further assign, sell, transfer and convey to Assignees, their successors and assigns all claims for damages and all remedies arising out of any violation of the rights assigned hereby that may have accrued prior to the date of this Assignment or may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for any infringement of any patent issued for the Invention in any jurisdiction before or after issuance.

Further Assistance Assignors hereby promise and agree, upon request, to execute all papers and all instruments necessary, expedient and permissible to procure and to convey to the Assignees the entire right, title and interest in and to the Invention and any patent for the Invention in any jurisdiction. Assignors further promise and agree to assist the Assignees in any lawful manner in the prosecution of the Patent Application and in any proceeding regarding any patent for the Invention before any tribunal in any jurisdiction whether the same is a court or an agency of the jurisdiction in which the patent for the Invention may be or has been issued, and, in furtherance thereof, agrees to perform all rightful acts, to provide testimony and advice and to execute all papers necessary, expedient and permissible in connection with any such proceeding.

Patent Issuance. I hereby authorize and request the Commissioner of Patents of the United States and any official of any country foreign to the United States whose duty it is to issue patents on applications, to issue all patents and/or registrations for the Invention to Assignee.

Successors in Interest. This Assignment shall be binding upon and inure to the benefit of the respective heirs, successors, legal representatives and assigns of the Assignors and Assignees.

Power to Insert. The undersigned hereby grants the firm of Botkin & Hall, LLP the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
