## ASSIGNMENT

WHEREAS We, John Timmerman, Jeremy Schmitz, and Jeremy Hammond, citizens of the United States and residents of Minneapolis, Minnesota, Minnetrista, Minnesota, and Stillwater, Minnesota, respectively, have made an invention disclosed in an application for United States Letters Patent entitled "Thermally Conductive Dielectric Interface," identified by Attorney Docket No. 2014-5600. ORP (the "Application"); and

The Bergquist Company, a corporation organized and existing under the laws of the State of Minnesota, and having a principal place of business at 18930 West 78<sup>th</sup> Street, Chanhassen, MN 55317, is desirous of acquiring the Application and the invention disclosed therein ("Invention"), and any and all United States and foreign patents that may be granted on said Invention, and that the Invention was made during the time of, and within the employment by The Bergquist Company;

NOW, THEREFORE, Be It Known that for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, We, John Timmerman, Jeremy Schmitz, and Jeremy Hammond have sold, assigned and transferred, and do hereby sell, assign and transfer to The Bergquist Company, our entire right, title and interest in and to said Invention, said Application, and any and all United States and foreign patents that may be granted on said Invention.

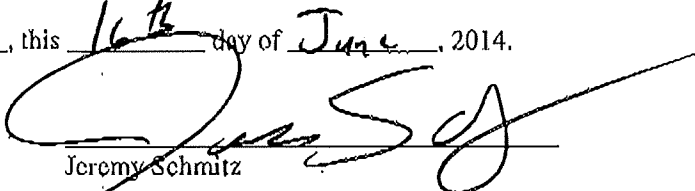

We covenant that we have not executed any instrument or taken any action contrary to this Assignment, nor will we do so in the future, and further covenant that we or our executors, administrators, representatives or assigns will execute all papers, assignments or other documents as requested by The Bergquist Company will provide testimony by affidavit or otherwise on behalf of The Bergquist Company in any proceeding before the U. S. Patent and Trademark Office, foreign patent office, state or federal court, or other decision-making body, and in general will cooperate fully with The Bergquist Company or its successors and assigns in the endeavor to secure, perfect, maintain or enforce any rights under said Invention and any patents granted on said Invention.

The Commissioner of Patents, and the officials with comparable authority over patents in foreign countries, are hereby authorized and directed to issue, in accordance with this Assignment, any and all patents granted on the said Invention.
