ASSIGNMENT

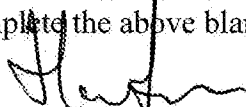

For value received, the receipt of which is hereby acknowledged, the following inventors, Harry Sim, Robert Shaw and Steve Kim (the "ASSIGNORS") hereby assign, transfer and set over to Cypress Envirosystems, 2890 Zanker Road, Suite 207, San Jose, CA 95134, (the "ASSIGNEE"), the entire worldwide right, title and interest in and to the inventions known as: "Device for Monitoring Electrical Switchgear Glow Tubes" for which United States Patent Application No. 61/871932 filed on August 30, 2013 has been sought; and "A Device For Automatically Reading A Glow Tube", for which the following applications have been sought: United States Patent Application No. 61/871932 filed on August 30, 2013; PCT United States Patent Application No. 14311010 filed on 6/20/14; PCT Application No. _____ filed on _____; and all rights and privileges under any Letters Patent which may be granted thereon.

1. The ASSIGNORS agree without charge to said ASSIGNEE to (a) execute (i) all necessary papers to be used in connection with this application and any additional necessary or expedient, (ii) all papers in connection with any interference or other legal or quasi-legal proceedings relating to this application or any additional, continuing, or divisional application thereof, (iii) all papers and documents which may be necessary in connection with the preparation and filing of any foreign applications, including PCT applications, or with making claims to priority rights granted under the provisions of the International Convention for Protection of Industrial Property or similar agreements; and (b) to cooperate with ASSIGNEE in obtaining evidence and going forward in any proceeding in connection with this application. The ASSIGNORS agree to perform all other affirmative acts that may be necessary or desirable to obtain a grant of a valid patent for said invention in any country throughout the world.

2. ASSIGNORS hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and the appropriate officials in any other country, including the relevant authorities under the Patent Cooperation Treaty, to issue any and all Letters Patent that may be granted upon said patent application or any additional, continuing or divisional applications thereof to the ASSIGNEE, its successors and assigns.

3. ASSIGNORS hereby covenant and warrant that they have full right to convey the entire right, title and interest by this instrument, free of any encumbrances and that no other agreement has been or will be executed in conflict herewith.

4. ASSIGNORS authorize Manuel F. de la Cerra to insert the information needed to complete the above blanks.
