## **INVENTION ASSIGNMENT**

WHEREAS, Odie Kenneth Carter, a resident of Naples, Florida ("Assignor") is the original, first, and sole inventor of a certain new and useful Invention relating to added coin compartments for current cash tills for which Assignor filed a provisional application for patent on February 22, 2000, said provisional application being Application Serial No. 60/184,041, and filed a non-provisional application on February 22, 2001 being Application Serial No. 09/790,933, and said applications resulting in U.S. Patent No. 6,490,774 issued December 10, 2002 ("Invention");

WHEREAS, Assignor is the owner and in full possession of the entire right, title, and interest in and to said Invention and in and to any and all Letters Patent granted therefor;

WHEREAS, Assignor is the inventor of the Invention and is contractually obligated to execute this Invention Assignment of his entire right, title, and interest in and to said Invention and in and to any and all corresponding patent applications that have been or may be filed and any and all Letters Patent that are or may be granted therefor, and Assignor neither knows nor has reason to know of any claim or potential claim of ownership of the Invention by any third party which has not assigned and is not obligated to assign said ownership to Assignee, and

WHEREAS, Balance Innovations, LLC, an entity duly organized and existing under the laws of the State of Kansas, herein referred to as Assignee, having its principal office and place of business at 11011 Eicher Drive, Lenexa, KS 66219 is desirous of acquiring the entire right, title, and interest in and to said Invention and in and to any and all Letters Patent that are or may be granted.

WA 5219997.1

NOW, THEREFORE, for and in consideration of other valuable considerations to Assignor paid by said Assignee, receipt of which is hereby acknowledged, Assignor does hereby sell, assign, and transfer unto said Assignee, the entire right, title, and interest in and to said Invention and in and to any and all Letters Patent, both United States and foreign, that are or may be granted therefor, together with any and all continuations, divisionals, or reissues, and assign and/or promise to assign any continuation-in-part and other applications adding new and related matters, and Assignor does hereby authorize and request the United States Commissioner of Patents and Trademarks to issue in accordance with this Assignment any and all Letters Patent that are or may be granted, either on said applications or otherwise for said Invention.

IN WITNESS WHEREOF, Assignor has hereunto sets his hand and seal.
