2. Without limiting the foregoing, it is understood that the rights of the Patents include all re-issues, disclaimers, and re-examinations of the Patents.
3. Assignor further sells, assigns and transfers to Assignee all of his right, title and interest in and to all claims for damages, accounting of profit and all other legal remedies by reason of past infringement of any of the Patents, with the right to sue and collect the same.
4. Assignor agrees that he will, upon reasonable request, and without further consideration, do such things and execute such further documents as are reasonably necessary to vest title thereto in Assignee, its successors, assigns and legal representatives or nominees.
