PATENT ASSIGNMENT AGREEMENT

This PATENT ASSIGNMENT AGREEMENT ("Assignment") dated as of April 3, 2013 (the "Closing Date"), is made and entered into by and among Cytec Technology Corp., a Delaware corporation ("Assignor") and AI Chem & Cy US AcquiCo, Inc., a Delaware corporation ("Assignee").

RECITALS:

WHEREAS, Assignor is owner of the patents and patent applications identified on Schedule A to this Assignment (collectively, the "Patents");

WHEREAS, pursuant to that certain Stock and Asset Purchase Agreement, dated as of October 8, 2012, by and between Assignor's parent company, Cytec Industries Inc., and Assignee's parent company, AI Chem & Cy S.C.A. (the "Purchase Agreement"), Assignor has agreed to assign the Transferred Intellectual Property Rights, including the Patents, to Assignee.

NOW, THEREFORE, in consideration of the promises and covenants set forth herein and in the Purchase Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignment. Assignor hereby assigns to Assignee all of Assignor's right, title, and interest in and to (a) the Patents, including all divisionals, continuations, continuations-in-part, provisionals, reissues, renewals, extensions, reexaminations or interferences of any of the Patents, and (b) the right to sue for all past, present and future infringement thereof and to settle and retain proceeds from any such actions.

2. Cooperation. This Assignment has been executed and delivered by Assignor for the purpose of recording the assignment herein with the appropriate government entity. The parties shall cooperate to execute and deliver such other documents and take such other actions as reasonably necessary to effect the intent hereof.

3. General Provisions. Capitalized terms used herein but not defined herein shall have the meanings set forth in the Purchase Agreement. This Assignment may be executed in any number of counterparts, each of which shall be deemed to be an original, and all of which together shall constitute one and the same instrument. This Assignment along with its Schedule, together with the Purchase Agreement, constitute the entire understanding and agreement of the parties hereto with respect to the subject matter hereof and supersede all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between and among the parties with respect hereto. In the event of any conflict between the terms of this Assignment and the terms of the Purchase Agreement, the terms of the Purchase Agreement shall control. This Assignment may not be supplemented, altered, or modified in any manner except by a writing signed by all parties hereto. The failure of any party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions.

I hereby certify that I have compared this copy with the original and find that this copy is a true and complete copy of the original.

Dated March 5, 2014
Name Paul Humphreys, Esq.

4. Governing Law. This Agreement shall be governed by, and construed in accordance with, the Laws of the State of New York, without regard to any conflict of laws provisions thereof that would result in the application of the laws of another jurisdiction.

5. Counterparts. This Agreement may be executed in counterparts, each of which will be an original as regards any party whose signature appears thereon and both of which together will constitute one and the same instrument.
