STATEMENT OF INVENTOR

1. I, Mr. Siegbert Tillner, am the sole inventor of the above identified patent.
2. On November 24, 2008, I executed both an Oath document and an Assignment document, the later of which was recorded on reel/frame 022104/0141, on January 14, 2009.
3. This November 24, 2008 assignment incorrectly assigned the document to Nexans instead of the correct assignee Essex Europe.
4. At the time of the invention and at the time of executing the November 24, 2008 assignment I was an employee of Essex Europe and was under obligation to assign the invention to them.
5. Moreover, this patent claims priority to European Patent Application No. 07 291209 filed on October 4, 2007 which is likewise in the name of Essex Europe.
6. Concurrently with this statement, I am executing a new assignment document from myself, the sole inventor to the correct assignee Essex Europe.

I declare that all statements made above of my own knowledge are true and all statements made on information and belief are believed to be true; and these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

ASSIGNMENT AND AGREEMENT

For value received, I, Siegbert Tillner of Danziger Strasse 9, D-57339 Erndtebrueck, GERMANY hereby sell, assign and transfer to ESSEX EUROPE having a place of business at L'Europeen Parc Tertiaire de la Croix, rue Jean Monnet, 60200 Compiègne, FRANCE and their successors, assigns and legal representatives, the entire right, title and interest, for the United States of America, in and to certain inventions related to

ELECTRICAL CABLE AND MANUFACTURING METHOD THEREOF

described in application No.: 12/286,899 for Letters Patent of the United States, all the rights and privileges in said application and under any and all Letters Patent that may be granted in the United States for said inventions, including continuation, divisional and continuation-in-part applications; and we also concurrently hereby sell, assign and transfer to ESSEX EUROPE the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

I authorize ESSEX EUROPE to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from us, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of ESSEX EUROPE to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

I request that any and all patents for said inventions be issued to ESSEX EUROPE in the United States and in all countries foreign to the United States, or to such nominees as ESSEX EUROPE they may designate.

I agree that, when requested, we shall, without charge to ESSEX EUROPE, but at its expense, sign all papers, and do all acts which may be necessary, desirable or convenient in connection with said applications, patents, or other forms of protection.
