INVENTOR'S ACKNOWLEDGEMENT
AND
CONFIRMATORY PATENT ASSIGNMENT

This Agreement is made the *22nd* day of *August* 2013

BY AND BETWEEN

Rachael G Holmes ("the first Inventor") c/o Jobskin Limited, Unit 13A Harrington Mill, Leopold Street, Long Eaton, Nottingham NG10 4QG, United Kingdom of the first part; and

Jobskin Limited ("the Assignee") a company registered in England under the number 05934190 whose registered office is at Unit 13A Harrington Mill, Leopold Street, Long Eaton, Nottingham NG10 4QG, United Kingdom of the second part

WHEREAS

- A. The Inventor is the actual deviser of the invention ("the Invention") described in UK Application 1307348.1 (the "Patent Application") which was filed on 24 April 2013.
- B. The Invention was made by the Inventor in the course of his employment with the Assignee.
- C. The parties to this assignment desire to confirm that all right and title and interest in and to the Patent Application and to the Invention are to be vested in the Assignee.

NOW THEREFORE IT IS AGREED as follows:

- 1. The Inventor hereby ACKNOWLEDGES that the Invention arose in the course of his normal duties and the circumstances were such that an invention might reasonably have been expected to result from the carrying out of his duties, and that therefore as between the Inventor and the Assignee all the rights to the Invention belong to the Assignee by virtue of Section 39(1) of the Patents Act 1977.
- 2. To the extent that notwithstanding the foregoing any rights in and to the Patent Application or the Invention remain vested in the Inventor, in consideration of the sum of one pound sterling (£1) (receipt of which is hereby acknowledged by the Inventor), the Inventor hereby ASSIGNS to the Assignee with full title guarantee all of his right title and

interest in and to the Patent Application and the Invention for all countries of the world, including without limitation the United Kingdom and all countries of the Patent Cooperation Treaty, including the right to file applications for and obtain corresponding protection in any and all countries of the world and to claim priority from the Application, together with any and all divisional, continuation, continuation-in-part, reissue applications and the like, and the Inventor hereby CONSENTS to the filing of any and all applications in respect of said Invention in the name of the Assignee.

- 3. The Inventor hereby covenants and agrees to do all such things and to execute without further consideration such documents as may be reasonably required to file and prosecute applications for protection of the Invention in such countries as shall be determined by the Assignee, and at the expense of the Assignee to give all reasonable assistance in obtaining and enforcing any such protection.

IN WITNESS whereof the parties hereto have executed this Agreement
