ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, Divya Bhatnagar, of 700 Health Sciences Drive, J2147 Chapin Apartments, Stony Brook, New York 11790 (USA), Miriam Rafailovich, of 99 Nassau Avenue, Plainview, New York 11803 (USA) and Raphael Davis, of 10 Davids Way, Pt. Jefferson, New York 11777 (USA), hereby assign to The Research Foundation of State University of New York, a corporation of New York, having a place of business at 35 State Street, Albany, NY, 12207 (USA); and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title, and interest throughout the world in the inventions and improvements which are the subject of and described and/or claimed in an application for United States Patent, entitled "Compositions and Methods For Spinal Disc Repair and Other Surgical and Non-Surgical Indications," which was filed on July 5, 2011, and assigned U.S. Application Number 61/504,506; this assignment including said application, any and all United States and non-United States patents, utility patents and models, continuations, continuations-in-part, divisionals, reexaminations, reissues, and design registrations granted for any of the inventions or improvements described therein, and any and all patents and patent applications having the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; this assignment also including, without limitation, any claims (known or unknown, suspected or unsuspected) of any nature that we have or may have against any party for infringement of any of the patents referenced herein and the right to sue for past infringement and to recover and retain damages and profits in respect thereof.

We authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models, design registrations, and like rights of exclusion and for inventors' certificates for said inventions and improvements.

We hereby covenant and agree that we will communicate to the Assignee or nominees all facts known to us pertaining to said inventions and improvements, and we agree for ourselves and our respective heirs, legal representations, and assign, without further compensation to perform such lawful acts and to sign such further applications, assignments, reissues, Preliminary Statements, and other lawful documents, testify in all legal proceedings, make all rightful oaths and declarations, and in general perform or cause to be performed all lawful acts necessary or proper to aid the Assignee or nominees in obtaining, maintaining, and enforcing all lawful patent protection for the inventions and improvements in the United States and in foreign countries.

We hereby covenant that we have the full right to convey the entire right, title, and interest herein assigned and that we have not executed and will not execute any agreement in conflict herewith.
