This Intellectual Property Assignment (the "Agreement") is made as of the 14th of January, 2014 ("Effective Date"), by and between Joshua D. Kesselman, 4715 Drummond Drive, Vancouver BC, V6T 1B3 CANADA ("Assignor") and BBK Tobacco & Foods, LLP, 3315 West Buckeye Road, #4, Phoenix, Arizona 85009 ("Assignee").

WITNESSETH:

WHEREAS, Assignor is the owner of any and all Intellectual Property, as defined below, in or relating to the conception, design and development of a waterproof toilet puck safe, as shown in Exhibit A hereto ("Waterproof Toilet Puck Safe") with a USPTO application number 29/479,505 filed on January 16, 2014; and

WHEREAS, Assignor desires to sell, transfer and assign to Assignee any and all rights, title and interests in and to the Intellectual Property related to the Waterproof Toilet Puck Safe.

NOW, THEREFORE, in consideration of the mutual agreements and undertakings contained herein, and for good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the parties agree as follows:

Assignor hereby sells, assigns and transfers to Assignee the entire right, title, and interest in and to: (i) any and all intellectual property rights, including without limitation, inventions, patent rights, moral rights, confidential information or trade secrets ("Intellectual Property Rights") in or regarding the Waterproof Toilet Puck Safe, and in any past or future modifications or improvements therein conceived in whole or part by Assignor ("Improvements"); (ii) any patent application and all non-provisional, divisional, continuing, continuation-in-part, substitute, renewal, reissue and all other applications for patent which have been or shall be filed in the United States and any other country on or describing the Waterproof Toilet Puck Safe or any Improvements, in whole or part; and (iii) all original and reissued patents which have been or shall be issued in the United States or any other country on or describing the Waterproof Toilet Puck Safe or any Improvements, in whole or part, specifically including the right to file applications under the provisions of any convention or treaty and claim priority based on such application in the United States or any other country.

Assignor hereby sells, assigns and transfers to Assignee any and all other rights the undersigned has in the Waterproof Toilet Puck Safe or has or may have in the future in any Improvements therein.

Assignee agrees to pay Assignor the sum of \$10.00 (US) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, within 15 days of the execution of this Agreement by all parties hereto.

Assignor hereby authorizes and requests the issuing authority to issue to the Assignee any and all patents covering the Waterproof Toilet Puck Safe or any Improvements therein issued in the United States or any other country.

Assignor hereby authorizes the Assignee to file and prosecute any such patent application.

Assignor hereby warrants and covenants that: (i) the Assignor was the sole inventor of any invention in the Waterproof Toilet Puck Safe and Improvements therein, until such rights were assigned to Assignor; (ii) no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been or will be made to others by Assignor; and (iii) that the full right to convey the same as herein expressed is possessed by Assignor.

Assignor hereby warrants and covenants, when requested and at the expense of the Assignee, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all non-provisional, divisional, continuing, substitute, renewal, reissue, and all other patent applications and related documents on or regarding the Waterproof Toilet Puck Safe or any Improvements therein; execute all rightful oaths, declarations, assignments, powers of attorney and other papers; communicate to the Assignee all facts known to the undersigned relating to such inventions and the history thereof; and generally do everything possible which the Assignee shall consider desirable for vesting title to such inventions in the Assignee, and for securing, maintaining and enforcing through litigation or otherwise proper patent protection for any such invention.
