ASSIGNMENT

WHEREAS, I, Tetsuya IMAI of Tokyo, Japan, have invented certain improvements in an invention entitled PAPER CUTTER, for which I filed U.S. Design Patent Application Serial No. 29/494,247 on June 18, 2014, which claims priority to Japanese Design Application No. 2013-30027, filed December 20, 2013; and

WHEREAS, PLUS CORPORATION, a corporation organized under the laws of Japan, having its principal place of business in Tokyo, Japan, is desirous of acquiring an interest therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which hereby are acknowledged, I, Tetsuya IMAI, have sold, assigned, and transferred, and do hereby sell, assign, and transfer, to PLUS CORPORATION, its successors and assigns, the full and exclusive right to the invention in the United States and its territorial possessions and in all foreign countries, and the entire right, title, and interest in and to any and all Letters Patent that may be granted therefor in the United States and its territorial possessions and in any and all foreign countries, and in and to any and all divisions, continuations, reissues, substitutions, and extensions thereof.

I hereby authorize and request the Patent Office officials in the United States and any and all foreign countries to issue any and all of said Letters Patent, when granted, to PLUS CORPORATION, as the assignee of my entire right, title, and interest in and to the same, for the sole use of PLUS CORPORATION, and its successors and assigns.

Further, I hereby covenant and agree to and with PLUS CORPORATION, and its successors and assigns, at the time of execution and delivery of this document, that I am the sole and lawful owner of the entire right, title, and interest in and to the invention and the above-identified design patent application, and that the same are unencumbered, and that I have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

Further, I agree that I will communicate to PLUS CORPORATION, or its representatives, any facts known to me respecting the invention, and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, reissue, substitution, and extension applications, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to PLUS CORPORATION, make all rightful oaths, and generally do everything possible to aid PLUS CORPORATION, and its successors and assigns, to obtain and enforce proper protection for the invention in the United States and in any and all foreign countries.

IN TESTIMONY WHEREOF, I have hereunto set my hand this 26th
day of June, 2014.

Tetsuya IMAI
