ASSIGNMENT

WHEREAS I/we, **BRUCE D. DORSEY** of Ambler, Pennsylvania; **KEITH S. LEARN** of Perkiomenville, Pennsylvania; **EMMA L. MORRIS** of Biggleswade, Great Britain; **GREGORY R. OTT** of Media, Pennsylvania; **JONATHAN R.A. ROFFEY** of Reading, Great Britain; **CHRISTELLE N. SOUDY** of London, Great Britain; and **JASON C. WAGNER** of Coatesville, Pennsylvania, have made application(s) for Letters Patent identified on Schedule A attached hereto; and

WHEREAS, **Cancer Research Technology Limited** of Sardinia House, Sardinia Street, LONDON WC2A 3NL, England, and **Cephalon, Inc.** of 41 Moores Road, PO Box 4011, Frazer, Pennsylvania 19355, a corporation of Delaware, collectively hereinafter referred to as the Assignee are desirous of jointly acquiring the entire right, title and interest in and to said application and any invention(s) or improvement(s) described in whole or in part therein (collectively hereinafter referred to as "invention(s)");

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, I/we, have sold, assigned, transferred, delivered and set over, and do hereby sell, assign, transfer, deliver and set over to Assignee, its successors, assigns, or legal representatives, the entire right, title and interest in and to said application and said Invention(s); and all the rights and privileges therein, including any and all benefits under the International Convention for the Protection of Industrial Property, including the right to claim priority based on said application, and under any and all Letters Patent which may be granted therefor, and all right title and interest in and to every patent application filed or to be filed on said Invention(s) in any other country or patent organization, including continuations, divisions, renewals, revivals, and any substitute applications of said application, and any and all patents which may issue thereon, and any reissues, reexaminations, pipelines, extensions, and governmental exclusivity rights extending therefrom.

AND I/we hereby assign to and authorize Assignee to file in any and all countries in my/our names or its own name applications for Letters Patent respecting said Invention(s), the same to be held and enjoyed by Assignee, its successors, assigns, or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by me/us had this assignment, sale, transfer, delivery and set over not been made.

AND I/we hereby covenant that I/we have full right to convey the entire interest herein assigned, and that I/we have not executed and will not execute any agreement in conflict herewith.

AND I/we further covenant and agree that, at Assignee's expense, I/we will each time a request is made and without undue delay: (i) execute and deliver all such papers as may be necessary or desirable to perfect the title to said application, Invention(s), and said Letters Patent to Assignee, its successors, assigns, or legal representatives; (ii) communicate to Assignee, or to its nominee all known facts respecting said application, Invention(s), and said Letters Patent; (iii) testify in any legal proceedings; (iv) sign all lawful papers in connection with said application and Letters Patents including all disclaimers and divisional, continuing, reissue, reexamination and foreign applications; and (v) make all rightful oaths, and generally to do everything possible to aid Assignee, its successors, assigns, and legal representatives to obtain and enforce for its or their own benefit proper patent protection for said Invention(s) in any and all countries.

AND I/we hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States whose duty it is to issue patents on applications as aforesaid, to issue to said Assignee, as assignee of the entire right, title and interest, any and all applications and Letters Patent for said Invention(s), including any and all Letters Patent of the United States which may be issued and granted on or as a result of the application aforesaid, in accordance with the terms of this assignment.

THE effective date of this ASSIGNMENT shall be the filing date of the earliest filed application set forth on Schedule A.
