Assignment of Patent Rights

This SHORT-FORM ASSIGNMENT AGREEMENT (this “Assignment”), dated as of July 24, 2014 (“Effective Date”), is by and among Vega Vista, Inc., a California corporation (the “Assignor”) and Facebook, Inc., a Delaware corporation (“Assignee”).

WHEREAS, Assignor and Assignee have entered into a separate Patent Purchase Agreement dated July 24, 2014, relating to the purchase of certain patents (the “Patent Purchase Agreement”).

WHEREAS, Assignee is desirous of securing the entire right, title, and interest in and to the patents identified and set forth next to its name on Schedule A attached hereto (such patents, the “Patents”) in all countries throughout the world;

NOW THEREFORE, be it known that, for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, subject to the rights Seller has granted in the Patents to third parties prior to the Effective Date, Assignor has sold, assigned, transferred, and set over, and does hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, such Assignor’s entire right, title, and interest throughout the world in and to the Patents, and all divisions, and continuations thereof, and all letters patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of this Assignment and any provisional or other right to recover damages, including royalties for the Assigned Patents and Assignor hereby authorizes the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities, to record Assignee as the assignee and owner of the Assigned Patents and to deliver to Assignee, and to Assignee’s attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Assignment;

FURTHER, the above-granted rights, titles, and interests are to be held and enjoyed by Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this sale and assignment not been made.

FURTHER, the Assignor and Assignee agree that this Assignment will be governed by the governing law and venue provisions of the Patent Purchase Agreement. This Assignment is intended to effect the assignment of the Patents to Assignee subject to the rights Seller has granted in the Patents to third parties prior to the Effective Date as described in the Patent Purchase Agreement. To the extent of any conflict or inconsistency between the terms and conditions of this Assignment and the Patent Purchase Agreement, the Patent Purchase Agreement will prevail and govern the rights and obligations of the parties hereto and the scope of assignment of the Patents. This Assignment may be executed in any number of counterparts, each of which will be deemed to be an original, and all of which together will constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Assignment by facsimile or electronic mail will be as effective as delivery of a manually executed counterpart of this Assignment. This Assignment, along with its Schedule and the Patent Purchase Agreement and its Exhibits constitutes the entire understanding and agreement of the parties hereto with respect to the subject matter hereof and supersedes all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between and among the parties with respect hereto. This Assignment may not be supplemented,

altered, or modified in any manner except by a writing signed by all parties hereto. The failure of any party to enforce any terms or provisions of this Assignment will not waive any of its rights under such terms or provisions. This Assignment is binding upon and inures to the benefit of the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF, the Assignor and Assignee have caused this instrument to be executed by their respective duly authorized representative as of the day first above written.
