# ASSIGNMENT

WHEREAS, I, as below named inventor, residing at the address stated next to my name, am a sole inventor (if only one name is listed below) or a joint inventor (if plural names are listed below) of certain new and useful improvements in inventions relating to and entitled

## A RELAY WITH AN INTERMEDIATE ALERT MECHANISM

for which application for Letters Patent of the United States of America, filed October 19, 2012 and assigned Application No. 13/655,702, was executed by me;

AND WHEREAS, Schneider Electric Industries SAS, a French Corporation, with offices at 35 rue Joseph Monier, 92500 Rueil Malmaison, France (hereinafter referred to as ASSIGNEE) is desirous of acquiring all rights, title and interest in, to and under said inventions (including all inventions disclosed in said application), said application disclosing the inventions, and any Letters Patent or similar legal protection which may be granted therefor in the United States and in any and all foreign countries;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, as a sole or joint inventor as indicated below, by these presents do hereby assign, sell, and transfer unto said ASSIGNEE, its successors, assigns, and legal representatives, my entire right, title, and interest in, to and under said inventions and said application, including (a) the right to apply for additional patents in the United States of America and in all foreign countries for said inventions, (b) all applications for patents for said inventions or based on said application in all countries, now filed or to be filed, including all divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon said inventions or upon said application, (c) all patents which may issue on said inventions and on said application transferred by this Assignment in the United States and foreign countries, and any and all reissues, extensions, divisions, renewals, substitutes, continuations or continuations-in-part of patents granted for said inventions or upon said application, for the full term or terms for which the patents may be issued, (d) every priority right that is or may be predicated upon or arise from said inventions and said application under any applicable international or bilateral treaty, agreement or convention, and (e) any other benefits accruing or to accrue to me with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto.

And I hereby authorize said ASSIGNEE to file patent applications in all countries for any or all of said inventions in my name, or in ASSIGNEE's name, as may be required under any international or bilateral treaty, agreement or convention, or otherwise;

And I further agree to execute without further remuneration all necessary or desirable and lawful future documents, as ASSIGNEE or its successors, assigns and legal representatives may from time-to-time present to me, relating to (a) obtaining and/or enforcing patent or similar legal protection for said inventions in any country worldwide, including for application for foreign patents, for filing subdivisions of said application for patent, and/or for obtaining any reissue or reissues of any patent which may be granted for my aforesaid inventions, as the ASSIGNEE thereof shall hereafter require and prepare at its own expense, and/or (b) perfecting title in said inventions, modifications to and/or improvements in said inventions, and any applications or patents relating thereto in any country worldwide.

And I further agree to, upon request of ASSIGNEE, (a) promptly provide any and all facts and documents, as may be known and accessible to me, relating to said application and said inventions, (b) testify as to the same in any legal proceeding (including patent office proceedings) related thereto, and (c) generally do all further acts which may be reasonably necessary to obtain and enforce proper patent protection for said inventions in all countries worldwide, provided, however, that the Assignee shall be responsible for all costs and expenses incurred by me with respect to Assignee's efforts to obtain and/or enforce a patent or similar legal protection for said inventions or application;

And I hereby covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment and sale.

And I hereby authorize and grant the power to the law firm of Frommer Lawrence & Haug LLP, to insert on this assignment any identification or indicia which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

*The remainder of this page intentionally left blank*

If any part of this Assignment shall be held by a court of competent jurisdiction to be void, invalid or inoperative, the remaining provisions of this Assignment shall not be affected and shall continue in effect, and the invalid provision shall be deemed modified to the least degree necessary to remedy such invalidity.

This Assignment may be executed in several counterparts, each of which will be an original, but all of which, when taken together, will constitute one and the same instrument.

IN WITNESS WHEREOF, I have executed this assignment on the date indicated below beside my signature.
