ASSIGNMENT OF PATENT  
AND PATENT RIGHTS

This Assignment of Patent and Patent Rights (the "Assignment") is made as of the 1<sup>st</sup> day of July, 2014, from Caulk Savers, LLC, an Illinois limited liability company ("Assignor"), to Saver Products, LLC, an Illinois limited liability company ("Assignee"), pursuant to an Asset Purchase Agreement dated as of even date herewith, by and between Assignor and Assignee.

Assignor is the sole owner of the entire right, title and interest in and to the following United States patent (the "Patent").

<u>Patent Number</u>	<u>Title</u>	<u>Filing Date</u>	<u>Issue Date</u>
6,375,051	Caulk storage and dispensing system with a reusable closure device	October 16, 2000	April 23, 2002

Assignee is desirous of acquiring the entire right, title and interest in, to and under the Patent.

Assignor represents and warrants that the Patent is in full force and effect as of the date of this Assignment and is free from any and all liens, security interests, or other encumbrances.

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns to Assignee without limitation, all of its right, title and interest in the Patent which may be secured under the laws now or later in force and effect in the United States or in any other country or countries, including all extensions, renewals and continuations, whether common law, statutory or otherwise, together with the exclusive right to obtain and register the Patent and to renew patent protection in the Patent. Assignor further assigns to Assignee all causes of action and claims for damages by reason of past and future infringements or violation of any of the rights in the Patent, and any recoveries resulting from infringements or violation of such rights, including without limitation the right to sue for and collect the same for Assignee's own use and behalf, and for the use and behalf of Assignee's legal representatives, successors and assigns. Assignor agrees to execute and deliver to Assignee all documents necessary to effectuate this Assignment.

Assignor agrees to execute or procure any further necessary assurances of title and will execute all further instruments and to perform all acts which may be necessary or appropriate to carry this Assignment into full effect. This Assignment shall bind Assignor, its legal representatives, successors and assigns.

The Commissioner of Patents is hereby authorized and requested to issue any and all Patents of the United States to Assignee.
