ASSIGNMENT

WHEREAS, we, Andreas F. Kotowski, a citizen of the United States of America, residing at 2315 Sunnyside Ridge Road, Rancho Palos Verdes, CA 90275 and Neeraj Agrawal, a citizen of the United States of America, residing at 29110 Doverridge Drive, Rancho Palos Verdes, CA 90275, have invented certain new and useful improvements in a Cargo Scanning System, for which we are filing an application for Letters Patent in the United States concurrently herewith, claiming priority from United States Provisional Patent Application Number 60/984,786, entitled "Cargo Scanning System" and filed on November 2, 2007. In addition, the present invention is a continuation-in-part of United States Patent Application Number 11/948,814, entitled, "Single Boom Cargo Scanning System", filed on November 30, 2007, which is a continuation of United States Patent Application Number 10/915,687, now United States Patent Number 7,322,745, entitled, "Single Boom Cargo Scanning System", filed on August 8, 2004, which further relies on, for priority, United States Provisional Patent Application Number 60/493,935, filed on August 8, 2003. United States Patent Application Number 10/915,687 is a continuation-in-part of United States Patent Application 10/201,543, entitled "Self-Contained Portable Inspection System and Method", filed on July 23, 2002 and now United States Patent Number 6,843,599;

AND WHEREAS, Rapiscan Security Products, Inc. (hereinafter "ASSIGNEE"), a corporation, with its principal place of business at 2805 Columbia Street, Torrance, CA 90503, desires to acquire the entire right, title, and interest in and to the said improvements and the said Application:

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, we, the said inventors, do hereby acknowledge that we have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title, and interest throughout the world in, to and under the said improvements, and the said application and all provisional applications relating thereto, and all divisions, renewals and continuations or continuations-in-part thereof, and all Letters Patent of the United States which may be granted thereon and all reissues and extensions thereof, and all rights of priority under International Conventions and applications for Letters Patent which may hereafter be filed for said improvements in any country or countries foreign to the United States, and all Letters Patent which may be granted for said improvements in any country or countries foreign to the United States and all extensions, renewals and reissues thereof; and we hereby authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent for said improvements to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND WE HEREBY covenant and agree that we will communicate to the said ASSIGNEE, its successors, legal representatives and assigns, any facts known to us respecting said improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid the said ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said improvements in all countries.
