## ASSIGNMENT

This Assignment is made and entered into by and between Michael Warren Lokken, residing at 803 Maple Lane, Grove City, MN 56243 (hereinafter "INVENTOR"), and ALTIMATE MEDICAL INC., a Minnesota corporation, with its office at 262 W. 1st St., Morton, MN 56270 (hereinafter referred to as "ALTIMATE").

**Whereas** INVENTOR has invented certain inventions described in a United States patent application titled CABLE ACTUATOR and have executed the United States patent application therefor;

**Whereas**, ALTIMATE desires to acquire the entire right, title and interest in said application and inventions, and to any United States and foreign patents to be obtained therefor; and

**Now, therefore**, for good and valuable consideration, receipt of which is hereby acknowledged:

1. INVENTOR hereby sells, assigns, and transfers to ALTIMATE, its successors and assigns, the entire right, title and interest, so far as concerns the United States and the Territories and Possessions thereof and all foreign countries, in and to the inventions set forth in the application for United States Letters Patent executed by the INVENTOR, said application for United States Letters Patent, any and all other applications for Letters Patent on said inventions in the United States and in countries foreign to the United States, including all divisional, renewal, extension, reexamination, substitute, continuation, continuation-in-part, reissue, and Convention applications based in whole or in part upon said inventions or upon said applications, and any and all Letters Patent and reissues and extension of Letters Patent granted for said inventions or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said applications and said Letters Patent.

2. ALTIMATE is hereby authorized to file patent applications in any or all countries on any or all said inventions in the name of the INVENTOR or in the name of ALTIMATE or otherwise as ALTIMATE may deem advisable, under the International Convention or otherwise.

3. The Commissioner of Patents of the United States of America and the empowered officials of all other governments are hereby authorized to issue or transfer all said Letters Patent to ALTIMATE in accordance herewith.

4. This Assignment is being made under covenant, not only that full power to make the same is had by the INVENTOR, but also that, at the time of execution of this Assignment, such assigned right is not encumbered by any grant, license, governmental restriction, or other right heretofore given.

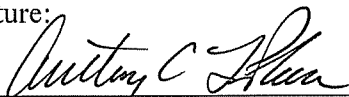

5. The INVENTOR agrees that he will do all acts reasonably serving to assure that said inventions, patent applications and Letters Patent shall be held and enjoyed by ALTIMATE as fully and entirely as the same could have been held and enjoyed by the INVENTOR if this Assignment had not been made, and particularly to execute and deliver to ALTIMATE all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, lawful affidavits, and declarations in form and in substance which may be requested by ALTIMATE, to furnish ALTIMATE with all facts relating to said inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may be useful for establishing the facts of conception, disclosure and reduction to practice of said inventions, and to testify in any proceedings relating to said inventions, patent applications and Letters Patent.

6. INVENTOR agrees that this Assignment shall be construed in accordance with the laws and courts of Ohio. INVENTOR hereby also agrees to submit to the jurisdiction of any Ohio court.

7. INVENTOR acknowledges and understands that the law firm of Calfee, Halter & Griswold LLP and its attorneys represent ALTIMATE and INVENTOR acknowledges and understands that they are not the client of Calfee, Halter & Griswold, LLP.

8. INVENTOR acknowledges and understands that they have the opportunity to consult with independent legal counsel prior to executing this Assignment.
