## PATENT ASSIGNMENT

WHEREAS, I, Paul Jules Krivoy, a citizen of the United States, (hereinafter referred to as the "ASSIGNOR"), am the sole inventor and owner of the invention, entitled "Non-Handed Swing Door Operator," for which a U.S. patent has issued and a Canadian patent application has been filed, the particulars of which are identified in **Exhibit A**.

WHEREAS, Quad Systems, LLC, a Texas limited liability company ("ASSIGNEE"), is desirous of obtaining the entire right, title and interest in, to and under the same invention, application and patent.

NOW, THEREFORE, in consideration of the sum of \$10.00 Dollars to the ASSIGNOR in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, I do hereby sell, assign, transfer and set over, unto the ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest in, to and under the invention, the United States application and issued patent, and all divisions, renewals and continuations thereof, and all Patents of the United States which may be granted thereon and all reissues thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from United States application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; all forms of industrial property protection, including, without limitation, patents, utility models and design which may be granted for invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof; and any and all causes of action thereto that may have heretofore accrued in ASSIGNOR'S favor;

AND I HEREBY authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on application and/or patent as aforesaid, to issue the same to the ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

AND I HEREBY covenant that I have full right to convey the entire interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that I will communicate to the ASSIGNEE, its successors, legal representatives and assigns, any facts known to us respecting invention, and testify in any legal proceeding, sign all lawful papers, execute all divisions, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid the ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for invention in all countries.

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 21 day of August, 2014.

  
Paul Jules Krivoy, Inventor
