ASSIGNMENT

WHEREAS, I, Benjamin Peters residing at Zedernweg 2, D-37077 Göttingen, Germany, ("Assignor") have made an invention entitled ROTOR BEARING FOR A LABORATORY CENTRIFUGE as described and claimed in United States Patent Application No.

13 / 800,339 filed March 13, 2013 (the "Application");

WHEREAS, Sigma Laborzentrifugen GmbH, a German corporation having its principal place of business at An der Unteren Söse 50, D-37520 Osterode, Germany ("Assignee"), is desirous of acquiring and confirming its right, title and interest for the United States in and to said invention, said Application, and any United States Patents that may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of one dollar (U.S. \$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, I, the Assignor, do hereby sell, assign and transfer, and confirm any such sale, assignment and transfer, unto said Assignee, its successors, assigns and legal representatives, the entire right, title, and interest in and to said invention for the United States and its territorial possessions, said Application, and any and all Letters Patent that may be granted thereon or therefore in the United States, including any non-provisionals, divisions, continuations, renewals, reissues, and any substitutes thereof; the same to be held and enjoyed by the Assignee for its own use and benefit as fully and entirely as the same would have been held by me had this assignment and transfer not been made; and I hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all patents on said invention to the Assignee as the owner of the same.

I further covenant and agree, that I, my executors and administrators, shall do all lawful acts and things and make, execute and deliver without further compensation, any further documents or instruments that may be deemed necessary by the Assignee, its successors and assigns, to file applications for said invention in the United States of America, and that may be necessary to vest in said Assignee, its successors and assigns, the title herein conveyed or intended to be conveyed, and to enable such title to be recorded in the United States Patent and Trademark Office.

And I further covenant and agree, that I, my executors and administrators, will at any time, upon request, communicate to the Assignee, its successors, and assigns, any facts relating to said invention and the history thereof, known to me or to my executors and administrators, and that I will testify as to the same in any interference, litigation or other proceeding when requested to do so by the Assignee, its successors and assigns.

Executed this 18 day of August, 2014 at Guthrie
