PATENT

Atty. Docket No. 393/3 UTIL

ASSIGNMENT

WHEREAS, we, William Brown, of Durham, North Carolina, and Michael Crose, of Durham, North Carolina (hereinafter "Assignors"), have invented certain new and useful improvements in OPTICAL COHERENCE TOMOGRAPHY IMAGING SYSTEMS AND METHODS for which Application for a U.S. Patent was made on August 26, 2013 as U.S. Utility Patent Application No. 14/469,474, which claims the benefit of U.S. Provisional Patent Application Serial No. 61/869,991, filed August 26, 2013.

AND, WHEREAS, Lumedica Inc., having its principal office and place of business in Durham, North Carolina (hereinafter "Assignee"), is desirous of acquiring an interest therein.

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have sold and by these presents does hereby sell, assign, transfer and convey unto the Assignee, its successors and assigns, his/her entire right, title and interest in and to the invention and application, and in and to any and all United States patent applications filed pursuant to 35 U.S.C. § 111(a) pertaining to said invention and/or which claim priority to the United States provisional patent application referenced above, and in and to any and all foreign patent applications filed on the invention, and in and to any and all continuations, continuations-in-part, or divisions of any U.S. or foreign patent application filed on the invention, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted, together with his/her right to claim the priority of said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignors if this assignment and sale had not been made.

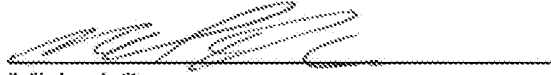

Assignors further covenant and agree that, at the time of the execution and delivery of these presents, Assignors possess full title to the invention and application above-mentioned, and that they have the unencumbered right and authority to make this assignment.

Assignors further covenant and agree, and likewise bind his/her heirs, legal representatives and assigns, to promptly communicate to said Assignee or its representatives any facts known to them relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the Assignee, its representatives, successors and assigns to secure patent or similar protection for the said invention in all countries and to vest in the Assignee complete title to the invention and Letters Patent, without further compensation, but at the expense of said Assignee, its successors, assigns and other legal representatives.

Executed this 26 day of August, 2014.
