ASSIGNMENT - PATENT APPLICATION

WHEREAS, We, Walter C. Babcock, Dwayne T. Friesen, Warren K. Miller, Daniel T. Smithey and David K. Lyon have invented certain new and useful improvements in

PHARMACEUTICAL COMPOSITIONS WITH ENHANCED PERFORMANCE

for which Application Serial No. 14/108,518 for United States Patent was filed on December 17, 2013; and

WHEREAS, BEND RESEARCH, INC. of 64550 Research Road, Bend, OR 97701-8599 (hereinafter "Assignee") desires to acquire an interest in said improvements and in the Patent to be obtained therefor;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are acknowledged, we hereby assign and transfer to Assignee, for the territory of the United States of America and all other countries, the entire right, title, and interest in and to said Patent in the United States and any other country including any renewal, reissue, reexamination, or extension of said Patent, including the right to sue for and recover for past infringement of the same.

We hereby agree to communicate to Assignee any facts known to us relating to said improvements, to testify as to the same in any interference or legal proceeding concerned therewith, to execute promptly and deliver to Assignee upon request any and all papers, instruments, declarations and affidavits required to apply for, obtain, maintain and enforce said Patent, and generally to do everything necessary or desirable to vest and perfect title thereto in Assignee.

This Assignment is binding upon us and our heirs, successors and personal representative, and shall inure to the benefit of Assignee, its successors, assigns and nominees.
