(the "Application");

AND WHEREAS **Aonix Advanced Materials Corp.** (the "Assignee") whose full post office address is **1740 Woodroffe Avenue, Building 400, Ottawa, Ontario, K2G 3R8, Canada** wishes to own the entire worldwide right, title and interest in and to: the Inventions, the Application, and all design patents which may be granted on or as a result thereof in all countries;

In consideration of ONE (\$1.00) DOLLAR and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignors confirm that they have assigned effective at least as early as **January 24, 2014**, and to any extent they have not already done so, do hereby sell, assign, transfer and set over to the Assignee the entire worldwide right, title and interest in and to:

The Assignors hereby covenant that they: have full right to convey the entire interest herein assigned; and have not executed and will not execute any agreement to transfer any rights in the Inventions and/or the Application to anyone other than the Assignee or that is otherwise in conflict herewith.

The Assignors promises that they shall:

The Assignors hereby irrevocably designate and appoint the Assignee and its duly authorized officers and agents, and their successors, as their agents and attorneys-in-fact, to act on the Assignors' behalf and instead of the Assignors, to execute and file applications to patent or register the Inventions in all countries, and to do all other proper lawfully-permitted acts to further the assignment, prosecution and issuance of patents or design registrations for the Inventions with the same legal force and effect as if executed by the Assignors.
