PATENT

Attorney Docket 1868/27 PCT/US

ASSIGNMENT

WHEREAS, we, **Masashi YAMABE** and **Masahiro SETO** (hereinafter "Assignors"), have made an invention described in a disclosure filed or to be filed in the U.S. Patent and Trademark Office as a patent application entitled HEART CORRECTION NET, as a U.S. national phase application of International Patent Application No. PCT/JP2013/056512 filed on March 8, 2013, and claiming priority of Japanese Patent Application No. 2012-053365 filed on March 9, 2012 (with the foregoing U.S., International, and Japanese patent applications collectively referred to hereinafter as "the Applications"), and we authorize our legal representatives (e.g., Nagoya International Patent Firm and its authorized agents) to insert here in parentheses (U.S. Patent Application Number 14/383,923, filed September 9, 2014) the application number and filing date of said U.S. patent application when known.

AND WHEREAS, **KANAZAWA INSTITUTE OF TECHNOLOGY**, a university duly organized and existing under the laws of Japan, having a place of business at 7-1 Ohgigaoka, Nonoichi-shi, Ishikawa 921-8501 JAPAN, (hereinafter "Assignee"), is desirous of acquiring an interest therein.

AND WHEREAS, it is acknowledged that a separate assignment is being executed by **Toshiaki AKITA** to **KANAZAWA MEDICAL UNIVERSITY**, a university duly organized and existing under the laws of Japan, having a place of business at 1-1 Daigaku, Uchinada-machi, Kahoku-gun, Ishikawa 920-0293 JAPAN, which is also desirous of acquiring an interest therein, and for sake of clarity, Assignee hereby expresses the intention to jointly own the above-referenced patent application with **KANAZAWA MEDICAL UNIVERSITY**.

Atty. Docket No.: 1868/27 PCT/US

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have sold and by these presents do hereby sell, assign, transfer and convey unto the Assignee, its successors and assigns, the entire right, title and interest in and to the invention and the Applications, and in and to any and all foreign patent applications filed on the invention based on or claiming priority to any one or more application of the Applications, and in and to any and all continuations, continuations-in-part, or divisionals of any of the foregoing, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted, together with the right to claim the priority of any one or more applications of the Applications in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by the Assignors if this assignment and sale had not been made.

Assignors hereby request that said Letters Patent be issued in accordance with this assignment.

Assignors further covenant and agree that, at the time of the execution and delivery of these presents, Assignors possess full title to the invention and the Applications as mentioned above, and that Assignors have the unencumbered right and authority to make this assignment.

Assignors further covenant and agree, and likewise binds Assignors' heirs, legal representatives and assigns, to promptly communicate to said Assignee or its representatives any facts known to Assignors relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the Assignee, its representatives, successors and assigns to secure patent or similar protection for the said invention in all countries and to vest in the Assignee complete title to the said
