## 2. Intellectual Property Rights.

2.1. Intellectual Property is the sole and exclusive property of the Company and its Assigns and to the extent any right, title and interest in respect of Intellectual Property, anywhere in the world, has not automatically vested in the Company and its Assigns by operation of applicable law, Pitroda hereby irrevocably assigns, transfers and conveys solely to the Company and its Assigns in perpetuity all such rights, title and interests, free and clear of all liens and encumbrances, in and to any and all Intellectual Property, including without limitation, any and all Applied Patents. Without limiting the foregoing, Pitroda further agrees to and does hereby irrevocably assign, transfer and grant to the Company and its Assigns all rights, title, and interests, free and clear of all liens and encumbrances, in and to any and all Intellectual Property, including, without limitation, any and all Applied Patents, in perpetuity.

2.2. Without limiting the provisions in Section 2, to the extent that any Intellectual Property is capable of protection by copyright, such Intellectual Property shall be a work made for hire, as defined in the United States Copyright Act (17 USC Section 101), and ownership of all copyrights worldwide (including all renewals and extensions) therein shall vest in the Company and its Assigns. In the event any such Intellectual Property is deemed not to be a work made for hire for any reason, Pitroda agrees to and does hereby assign, transfer and grant all rights, title and interests in such Intellectual Property and all copyrights worldwide in such Intellectual Property and all renewals and extensions thereof to the Company and its Assigns in perpetuity.

2.3. To the fullest extent allowed by law, Section 2 applies to all rights of paternity, integrity, disclosure and withdrawal and any other rights that may be known as or referred to as "moral rights," "artist's rights," "droit moral," or the like (collectively, "Moral Rights"). To the extent Pitroda retains any such Moral Rights under applicable law, Pitroda

hereby waives such Moral Rights and consents to any action with respect to such Moral Rights by, or authorized by, the Company or its Assign. Pitroda will confirm any such waivers and consents from time to time as requested by the Company or its Assign.

2.4. Only to the extent any applicable law expressly so requires and only to the extent Pitroda is deemed an employee of the Company for a period(s) of time, the provisions requiring Pitroda to assign any of Pitroda's rights in any invention to the Company or it Assigns does not apply to an invention created during such period(s) for which no equipment, supplies, facility or trade secret information of the Company was used and which was developed entirely on Pitroda's own time, unless:

- (a) the invention relates:
  - (i) to the business of the Company, or
  - (ii) to the Company's actual or demonstrably anticipated research or development, or
- (b) the invention results from any work performed by Pitroda for the Company.

The above provisions in this Section 2.4 are applicable only to the extent expressly so required by applicable law. Pitroda shall bear the burden of proof in establishing that his invention qualifies under this Section 2.4. Pitroda acknowledges and agrees that none of Applied Patents qualifies under this Section 2.4.

2.5. Pitroda hereby authorizes and requests the respective patent offices, governmental agencies and other governmental authorities worldwide to issue any and all Letters Patents, certificates of invention, utility models and other governmental grants or issuances that may be granted based on any of Intellectual Property in the name of the Company or its Assigns, as the assignee of the entire right, title and interest therein.

2.6. Any Intellectual Property conceived, designed, devised, developed, perfected or made by Pitroda within one (1) year after termination of his employment or engagement with the Company shall be conclusively presumed to have been conceived of during such employment or engagement if based upon or arising from any confidential or proprietary information or materials of the Company or its Subsidiary, and the burden of proving otherwise shall rest with Pitroda. After termination of Pitroda's employment or engagement with the Company, Pitroda shall disclose all patent Applications filed by, on behalf of, or naming as an inventor, Pitroda within two (2) years after such termination.

2.7. Pitroda shall promptly disclose to the Company and its Assigns full details of any and all Work Product and Intellectual Property. Pitroda will not execute any writing or do any act whatsoever conflicting with this Agreement. Pitroda shall sign such further documents as the Company or it Assign may request to carry out the purposes of this Agreement. Pitroda will, at any time upon request, without requesting any further consideration, execute and provide such additional assignments and other writings and do such additional acts as the Company or its Assign may deem necessary or desirable to obtain, vest, secure, perfect, prosecute, evidence,

maintain, prosecute, defend or enforce any of the Company's or its Assign's rights, title, or interests in any or all of Intellectual Property worldwide, including, without limitation, any and all of Applied Patents, and in any proprietary or confidential information or any intellectual property of the Company or its Subsidiary worldwide (collectively, the "Intellectual Property Rights"), including, without limitation, (a) executing, acknowledging and recording specific assignments, oaths, declarations, statements, affidavits, powers of attorney and other documents related to any Intellectual Property Rights, (b) rendering assistance in making, filing, prosecuting, maintaining and registering Applications and Registrations and complying with duty of disclosure related to any Intellectual Property Rights, (c) rendering assistance in connection with inventorship issues/corrections, documents and evidence related to invention dates, conceptions, reductions to practice, publications, sales, offers for sale, and use relating to any Intellectual Property Rights, (d) rendering assistance in connection with reexaminations, reissues, interferences, reviews, priority proceedings, opposition proceedings, cancellation proceedings, public use proceedings and other proceedings or disputes related to any Intellectual Property Rights, (e) reviewing and commenting on Applications, Registrations and other documents related to any Intellectual Property Rights, (f) producing pertinent facts and documents related to any Intellectual Property Rights, and (g) rendering assistance in connection with defending and enforcing any rights or choses in action related to any Intellectual Property by, for example, giving testimony, and reviewing, preparing, executing and producing documents, in any proceedings, courts, agencies, commissions, or transactions in connection with any Intellectual Property Rights.

2.8. Pitroda hereby irrevocably designates and appoints the Company, its Assigns and their duly authorized officers and agents, as Pitroda's agent and attorney-in-fact, with full power of substitution and revocation, to act for and on behalf of Pitroda, to execute, verify and file any such document and to do all other lawfully permitted acts to further the purposes of Section 2, including, without limitation, to file, prosecute, maintain and register worldwide any Applications and Registrations related to any Intellectual Property Rights (including, without limitation, any and all of Applied Patents), to transact all business with the respective patent offices, governmental agencies and other governmental authorities worldwide in connection with any Intellectual Property Rights (including, without limitation, any and all of Applied Patents), and to defend and enforce any rights or choses in action worldwide related to any Intellectual Property Rights (including, without limitation, any and all of Applied Patents) in any proceedings, courts, agencies, commissions, or transactions in connection with any Intellectual Property Rights (including, without limitation, any and all of Applied Patents). Pitroda agrees that the Company's or its Assign's signatures and actions as Pitroda's agent and attorney-in-fact under these provisions shall have the same force and effect as if Pitroda had signed the documents or taken those actions himself or herself. Pitroda hereby irrevocably authorizes an agent(s) and/or an attorney(s)-in-fact under these provisions to designate and appoint one or more other agents and/or attorneys-in-fact.

2.9. Execution of this Agreement constitutes Pitroda's acknowledgment of receipt of notification of Section 2.

3. Acknowledgment of Business Interest - Remedies.

3.1. Pitroda acknowledges and agrees that each of the provisions of this Agreement are reasonable and necessary to preserve the strong business interest of the Company, its present and potential business activities and the economic benefits derived therefrom. Pitroda acknowledges that the restrictions contained herein are not so broad as to prevent Pitroda from earning a livelihood or practicing Pitroda's chosen profession after termination of Pitroda's employment or engagement with the Company.

3.2. Pitroda agrees that the Company will be damaged by a violation of this Agreement and the amount of such damage may be difficult to measure. Pitroda agrees that if Pitroda commits or threatens to commit a breach of any of the covenants and agreements contained in this Agreement, then the Company shall have the right to seek and obtain all appropriate injunctive and other equitable remedies, without posting bond there for except as required by law, in addition to any other rights and remedies that may be available at law, it being acknowledged and agreed that any such breach would cause irreparable injury to the Company and that money damages would not provide an adequate remedy. Pitroda further agrees that Pitroda shall be liable for reasonable attorney's fees and costs incurred in connection with the enforcement of this Agreement.

4. Severability – Entire Agreement. This Agreement shall be deemed severable. The invalidity or unenforceability of any term or provision of this Agreement shall not render this Agreement or any term or provision hereof unenforceable. If any provision of this Agreement, such as any sentence, phrase or word, is held to be void, invalid or inoperative, such event shall not affect any other provisions herein, which shall continue and remain in full force and effect as though such void, invalid or inoperative provision had not been a part hereof, and any such void, invalid or inoperative provision shall be reformed (by limiting the geographic or temporal scope or otherwise) to give effect to such provision to the maximum extent permitted by law. This Agreement and the Stock Purchase Agreement represent the entire agreement between the parties hereto with respect to the subject matter hereof, supersede all prior or contemporaneous oral or unsigned written negotiations, understandings and documents on such subjects between the parties, and supersede all previously or contemporaneously signed written agreements on such subjects between the parties that conflict with the provisions of this Agreement.

5. Waivers. No delay on the part of any party in the exercise of any right or remedy shall operate as a waiver thereof, and no single or partial exercise by any party of any right or remedy shall preclude other or further exercise thereof or the exercise of any other right or remedy. Further, no failure on the part of the Company or any Subsidiary or Assign to seek to enforce similar agreements shall constitute a waiver of its rights under this Agreement.

6. Successors and Assigns - Binding Effect. This Agreement shall not be assignable by Pitroda except that this Agreement will be binding upon Pitroda's heirs, executors, administrators and other legal representatives and will be for the benefit of the Company and its Subsidiaries and their Assigns. Any of the Company's rights, title and interests under this Agreement may be assigned without Pitroda's consent, including without limitation in connection with any transactions involving any purchase or sale of the Company's business, in

whole or in part (whether such transaction is structured as a sale of assets, merger or otherwise), and the Company's duties may be delegated. The provisions of the previous sentence permits an unlimited number of subsequent assignments and delegations without Pitroda's consent. To the extent any consent is required by Pitroda, Pitroda hereby consents to the provisions in the previous two sentences.

7. Governing Law - Venue. This Agreement shall be governed by and construed in accordance with the internal laws of the State of New York, without regard to its conflict of law principles. To the extent permitted by law, Pitroda agrees and consents to personal jurisdiction, service of process and venue in any federal or state court located within the county of Westchester in the State of New York, having subject matter jurisdiction for the purposes of any action, suit or proceeding arising out of this Agreement, or a nearby county in the State of New York if such federal or state court is not located within the county of Westchester.

8. Voluntary Agreement. Pitroda represents and warrants that Pitroda has read and understands this Agreement, that Pitroda understands that Pitroda may, if Pitroda desires, obtain advice from legal counsel of Pitroda's choice in order to interpret any and all provisions of this Agreement, and that Pitroda has freely and voluntarily entered into this Agreement.

9. Pronouns. All pronouns and any variations thereof herein shall be deemed to refer to the masculine, feminine, singular or plural, as the identity of the person or persons may require.

10. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be an original but all of which shall together constitute one and the same document.
