ASSIGNMENT AGREEMENT

THIS ASSIGNMENT AGREEMENT (the “*Agreement*”) is made and entered into this 30th day of July 2014, by and between **Robert Marc** (the “*Assignor*”) and **Robi Ltd.**, a New York corporation (the “*Company*”). The parties hereto agree as follows:

AGREEMENT

1. For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby irrevocably assigns, sells, transfers and conveys to the Company all right, title and interest in and to all of the Intellectual Property (as defined below), including any rights to sue or collect damages for infringement thereof, used in connection with the business and operations presently carried on by the Company and its affiliate Robert Marc Opticians, Ltd. and their respective subsidiaries and registered in the name of Robert Marc, including without limitation the Intellectual Property listed on Exhibit A attached hereto, together with the underlying goodwill associated with and symbolized by such Intellectual Property (the “*Property*”). Assignor hereby acknowledges that he retains no right to use the Property and agrees not to challenge the validity of the Company’s ownership of the Property. For the avoidance of doubt, nothing herein shall restrict the Assignor’s use of his own name in any manner whatsoever.

2. As used herein, “*Intellectual Property*” means all of the following in any jurisdiction throughout the world: (i) patents, patent applications and patent disclosures, together with all reissuances, continuations, continuations-in-part, provisionals, divisionals, revisions, extensions and reexaminations thereof, and including any and all rights to claim any applicable priority rights arising from or required for such aforementioned patents and patent applications under the terms of any applicable conventions, treaties, statutes, or regulations; (ii) trademarks, service marks, trade dress, logos, slogans, trade names, internet domain names and corporate names, together with all goodwill associated with any of the foregoing, and applications, registrations and renewals in connection therewith; (iii) copyrights, moral rights, mask works and copyrightable works, and applications, registrations and renewals in connection with any of the foregoing; (iv) trade secrets and confidential business information (including ideas, research and development, know-how, inventions, formulas, methods, compositions, manufacturing and production processes and techniques, designs, drawings and specifications); (v) proprietary computer software (including but not limited to source code, object code, executable code data, databases and documentation); (vi) copies and tangible embodiments of any of the foregoing in whatever form or medium; and (vii) all other intellectual property, whether or not registered or registrable.

3. Assignor agrees at his cost and expense to execute all documents to perfect, register, and/or record this Agreement and the rights of the Company to the Property, as the Company may reasonably deem appropriate.
