**ASSIGNMENT**

WHEREAS, I, **Geoff W. Taylor**, hereinafter referred to as the "Inventor", a citizen of the United States whose post office address is 22 Quail Run Road, Storrs-Mansfield, CT 06268, have invented certain new and useful improvements in

**OPTOELECTRONIC INTEGRATED CIRCUIT**

as described and set forth in an application for Letters Patent of the United States of America, filed by me on the 24<sup>th</sup> day of March 2014 as serial number 14/222,841 and the 29<sup>th</sup> day of January 2014 as serial number 61/962,303 (**Attorney Docket Nos. OPE-075 and OPE-075 PROV**).

AND WHEREAS, **The University of Connecticut**, a public institution of higher education, organized under the laws of the state of Connecticut, having a place of business at Technology Partnerships & Licensing, 263 Farmington Avenue, MC 6400, Farmington, CT 06030-6400, and **Opel Solar, Inc.**, a corporation organized under the laws of the state of Delaware, having a place of business at PO Box 555, Storrs Mansfield, CT 06268, both entities hereinafter referred to as the "said ASSIGNEES", are desirous of acquiring or confirming their acquisition of the entire right, title and interest in and to said invention, inventions or improvements, and in and to said application, and in and to any and all patents, both of the United States and of all foreign countries, that may be obtained therefor;

NOW, THEREFORE TO ALL WHOM IT MAY CONCERN, BE IT KNOWN, that I, the Inventor, for good and valuable considerations, the receipt and sufficiency of which I hereby acknowledge, have sold, assigned, transferred and conveyed, and by this assignment do sell, assign, transfer and convey, unto said ASSIGNEES, their successors and assigns, the entire right, title and interest throughout the world, in and to my invention, inventions or improvements described or set forth in said application, in any form or embodiment thereof, and in and to said application, and in and to any applications filed in any foreign country based thereon, including the right to file foreign applications under the provisions of any convention or treaty; and in and to any confirmation, divisional, continuation, continuation-in-part, or substitute application which may be filed on said invention, inventions or improvements in the United States or in any foreign country; and in and to any and all patents, certificates, utility models, reissues, extensions, additions or confirmations thereof which may be granted in the United States or in any foreign country upon said invention, inventions or improvements, to have and to hold the same to the full end of the term or terms for which any and all such United States and foreign patents and grants may be issued on said invention, inventions or improvements.

AND I do hereby authorize and request the issuing authority to issue any and all of said United States and foreign patents on said application or applications to said ASSIGNEES, their successors and assigns, as the assignees of the entire right, title and interest in and to the same, for the sole use and benefit of said ASSIGNEES, their successors and assigns.

AND I do hereby covenant and warrant that I have full right to convey the entire right, title and interest herein assigned free and clear of all licenses, encumbrances and liens whatsoever, and that I have not executed and will not execute any instruments in conflict herewith.

AND I, for the conditions aforesaid, do hereby covenant and agree to and with the said ASSIGNEES, their successors and assigns, that I, my executors, administrators, or other personal representatives, shall and will do all lawful acts and things, make all rightful oaths, and make, execute, and deliver any and all other instruments in writing, and any and all further applications, papers, powers, affidavits, assignments, disclaimers and other documents, which in the opinion of counsel for said ASSIGNEES, their successors and assigns, may be required or necessary in this or in any foreign country more effectually to secure to and vest in said ASSIGNEES, their successors and assigns, the entire right,

title and interest in and to said invention, inventions, or improvements, application or applications, patents, rights, titles, benefits, privileges and advantages hereby sold, assigned, confirmed, transferred and conveyed.

The undersigned hereby grant(s) David P. Gordon, Esq., David S. Jacobson, Esq., and Jay P. Sbrrollini, Esq. the power to insert on this Assignment any further identification which may be necessary in order to comply with the rules of the U.S. Patent and Trademark Office for the recordation of this document and to correct any errors or defects herein.

IN WITNESS WHEREOF, I, **Geoff W. Taylor**, have hereunto set my hand and seal this 10<sup>th</sup> day of Sept, 2014.

  
Geoff W. Taylor
