**AFFIDAVIT REGARDING OWNERSHIP OF PATENT APPLICATION UNDER MPEP
323.01(C)**

Sony Corporation (hereinafter referred to as "Assignee") hereby affirms that it is the correct owner of U.S. Patent Application No. 12/821,399 as shown in the true chain of title recorded June 23, 2010 on Reel 024787, Frame 0582 from Yusuke Miyazawa et al. to Sony Corporation.

A Confirmatory License recorded October 19, 2010 on Reel 025156, Frame 0320 against the above-identified application and purporting to impact ownership of the application was, in fact, erroneously recorded. Namely, the previously submitted Confirmatory License from the University of Pennsylvania to the National Institutes of Health executed October 13, 2010 was submitted erroneously, and was not submitted with the consent of the Assignee (Sony Corporation). The fact that this recorded document was incorrectly recorded in this application is evident from the fact that there is no chain of title explaining how the National Institutes of Health was the owner.

The original Assignee, Sony Corporation, continues to be the owner of U.S. Application No. 12/821,399. The signor, whose title is supplied below, is authorized to act on behalf of the Assignee.

Assignee Name: Sony Corporation
Assignee Address: 1-7-1 Konan, Minato-ku
Tokyo, Japan 108-0075
Signor Name: Wataru KATO
Title of Signor: General Manager,
Planning & Control Department
Intellectual Property Division
