ASSIGNMENT

This Assignment is made by LEONARD EARL KOFFSKI, having an office at 200 - 44 Queens Road, Duncan, British Columbia, Canada V9L 2W4 ("Assignor") to 761250 ALBERTA LTD., having a place of business at 411, 11th Ave SE, Calgary, Alberta, Canada T2G 0Y5 ("Assignee").

WHEREAS Leonard Earl Koffski has co-invented a new and useful invention (the "Invention") entitled **WORK BENCH SUPPORT BRACKET**, being the subject of a Canadian patent application to be filed on or about 19 March 2012, but for which an application number has not been assigned.

WHEREAS Assignor believes himself to be an original, first and co-inventor of the Invention;
and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the Assignor's entire worldwide right, title and interest in and to said Invention, said application, and any design patent, industrial design, design right, utility model or petty patent that may be granted for said Invention in Canada, the United States or anywhere else throughout the world;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, the Assignor's entire worldwide right, title and interest in and to said Invention, said application, and any patent, design patent, industrial design, design right, utility model or petty patent that may be granted for said Invention in Canada, the United States or anywhere else throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignor agrees that, upon request with no further compensation, but at no expense to Assignor, his legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing any patent, design patent, industrial design, design right, utility model or petty patent as may issue anywhere in the world for said Invention, and for perfecting, recording or maintaining the title of Assignee, his successors and assigns, to said Invention, said application, and any patent, design patent, industrial design, design right, utility model or petty patent granted for said Invention in Canada, the United States or anywhere in the world.

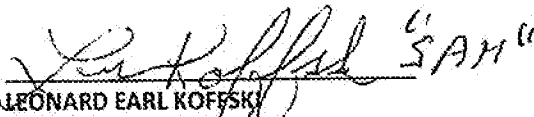

Assignor represents and warrants he has not granted and will not grant to any other any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents of Canada, the Director of Patents of the United States and of all foreign countries to issue any patent, design patent, industrial design, design right, utility model or petty patent for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, his successors and assigns, as the assignee of the entire undivided interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written hereinbelow.
