PATENT

**ASSIGNMENT OF INVENTION
AND INTELLECTUAL PROPERTY RIGHTS RELATING THERETO**

Parties:

1 'The Assignor'

Frank KERRIGAN

of Wadebridge, Cornwall, UK

2 'The Assignee'

MAYBRIDGE LIMITED (formerly known as Maybridge PLC)

of Trevillet, Tintagel, Cornwall, PL34 0HW, United Kingdom

Recitals:

(A) The Assignor is a joint inventor with others of the invention or inventions entitled PHTHALAZINONE DERIVATIVES ("the Invention") for which the patent applications set out in the Schedule hereto have been filed ("the Patent Applications")

(B) The Assignee intends to file an international PCT application ("the PCT Application"), a US non-provisional application ("the US Application") and a Taiwanese application ("the TW Application") for the Invention claiming priority from the Patent Applications

(C) By virtue of his employment and the operation of the Patents Act 1977 the Assignor's rights in the Invention belong to the Assignee

(D) To facilitate the prosecution of the PCT Application, US Application and TW Application, the Assignor has agreed to execute this assignment of any rights which he may have in to and under the Invention, the Patent Applications, the PCT Application for all countries designated therein, the US Application and the TW Application

Operative provisions:

In consideration for the payment of £1.00 by the Assignee to the Assignor the receipt and sufficiency of which is hereby acknowledged by the Assignor:

1 The Assignor hereby sells and assigns to the Assignee absolutely and free from incumbrances:

1.1 all his rights title and interest in Canada and the United States and all other countries of the world in to and under the Invention and the Patent Applications, the PCT Application and all national and regional phases thereof, the US Application and the TW Application and any and all divisionals, continuations and continuations-in-part of any of the aforesaid applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof and to retain any damages obtained as a result of such action;

1.2 all such rights as he may have to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of the Invention to the intent that the grant of any patents or other intellectual property protection for the Invention shall be in the name of and shall vest in the Assignee or its successors or assigns;

1.3 all such rights as he may have to claim priority from any and all of the Patent Applications in any and all applications for patent protection for the Invention, such right to be enjoyed by the Assignee as from the date of filing of any of the Patent Applications from which priority is claimed;

to the intent that the Assignee shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by the Assignor had this assignment not been made.

2 The Assignor hereby GRANTS the firm of Mewburn Ellis the power to insert in the Schedule to this Assignment any further identification of any future patent applications in Canada or the United States or any other countries or regions of the world which shall fall within the scope of clause 1 above, as may be necessary or desirable in order to comply with the rules of the United States Patent Office or the Canadian Patent Office or any other Patent Office for recordation of this document. It is understood and agreed that the Assignee's attorneys Mewburn Ellis have represented only the Assignee and will continue to represent only the Assignee with respect to this invention.

3 The Assignor hereby UNDERTAKES that at the request and cost of the Assignee or its successors or assigns he will at all times hereafter promptly do all such acts and execute all such documents (including but not limited to documents required to be signed by or on behalf of inventors in the course of any and all Canadian and United States patent applications which relate to the Invention and any and all divisionals, continuations and continuations-in-part of any such applications) as may be reasonably necessary or desirable to secure the vesting in the Assignee or its successors or assigns of all rights title and interest assigned to the Assignee hereunder and to confirm the title of the Assignee or its successors or assigns to all such rights title and interest and to assist in the resolution of any question concerning the Invention or any application for patent or other intellectual property protection for the Invention or any intellectual property protection granted pursuant to any such application.

4 The Assignor hereby requests the relevant authorities in all countries of the world to issue any patents granted for the Invention in the name of the Assignee or its successors or assigns in accordance with this assignment.

5 This assignment and undertaking shall be binding upon the Assignor's heirs, executors, administrators, successors and/or assigns and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of the Assignee.

AS WITNESS the signatures of the assignor and a duly authorised officer of the Assignee
