PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT is made by Amyris, Inc. ("AMYRIS"), a corporation organized and existing under the laws of the State of Delaware, and having an office for the transaction of business at 5885 Hollis Street, Suite 100, Emeryville, CA 94608, in relation to the invention for

METHODS FOR STABILIZING PRODUCTION OF ACETYL-COENZYME A DERIVED COMPOUNDS

(the "Invention"), for which a PCT application for patent was filed on August 7, 2013, as International Application No. PCT/US2013/054030 (the "Application"); and for which the inventors assigned their individual rights, titles, and interests to AMYRIS, through assignments recorded at the U.S. Patent and Trademark Office on May 20, 2014 at reel/frame number 032962/0150.

AMYRIS desires that TOTAL MARKETING SERVICES ("TOTAL"), a corporation organized and existing under the laws of FRANCE, and having an office for the transaction of business at 24 Cours Michelet, 92800 Puteaux, FRANCE, jointly own an equal, undivided right, title and interest in the Invention and the Application with AMYRIS. AMYRIS and TOTAL are referred to collectively herein as "JOINT OWNERS."

ASSIGNMENT

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, AMYRIS has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over unto TOTAL, their successors, legal representatives and assigns, an equal, undivided right, title and joint interest in the Invention, and the Application and all applications claiming priority thereto and all divisions, renewals and continuations thereof, and all patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for the Invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from the Application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for the Invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof (all of the foregoing, collectively, the "Jointly Owned Applications"); for each of the JOINT OWNERS' use and enjoyment, and for the use and enjoyment of their respective successors, assigns or other legal representatives, such that each of the JOINT OWNERS hereby jointly owns an equal, undivided right, title and interest to all of the Jointly Owned Applications.

AMYRIS authorizes and requests the United States Commissioner for Patents, and any other similar government authority, to record TOTAL as a joint owner of the Jointly Owned Applications and issue any and all patents issued thereon to the parties jointly, as assignees collectively of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of the JOINT OWNERS and their respective successors, assigns or other legal representatives.
