PATENT

ASSIGNMENT

WHEREAS, I/we the following named inventor (or the following named joint inventors), **Robert Gex Barfield, Jr., William Elmore and Mark Allan Cooke** (hereinafter referred to as "Assignor" whether singular or plural), of residence(s) as listed below, having invented all inventions as described in an application for United States Letters Patent entitled "SYSTEM AND METHOD FOR USER COMMUNICATION IN A NETWORK" (hereinafter referred to as "Application"), said Application having been filed on May 21, 2014 as U.S. Application Serial No. 14/283,601, and

WHEREAS, MATCH.COM, L.L.C., (hereinafter referred to as "Assignee"), a Delaware Limited Liability Company, with an address of 8300 Douglas Avenue, Suite 800, Dallas, TX 75225, desires to acquire Assignor's entire right, title and interest in and to said inventions, and in and to said Application and any Letters Patent that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor assigns to Assignee, all right, title and interest in and to said inventions and in and to said Application and all U.S. and foreign patents which may be obtained for said inventions by said Application, and all provisionals, divisions, reissues, continuations, continuations-in-part, substitutes, renewals, and extensions thereof.

Assignor also assigns to Assignee, all right, title and interest to said inventions throughout the world, including the right to file applications and other necessary documents to obtain patents, utility models, industrial models and designs for said inventions in the name of Assignor or Assignee (or any successors, assigns, and legal representatives) throughout the world, including the right to claim priority under the Patent Cooperation Treaty, the Paris Convention, and any other international agreements to which the United States of America adheres, and including all rights to publish cautionary notices reserving ownership of said inventions and all rights to register said inventions in appropriate registries; and Assignor further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

Assignor hereby authorizes and requests the Commissioner of the United States Patent and Trademark Office and any official of any country or countries foreign to the United States, whose duty it is to issue patents or other forms of industrial property protection on said Application or other aforementioned applications, to issue all patents and other forms of industrial property protection for said inventions to Assignee (or any successors, assigns, or legal representatives).

ASSIGNMENT

2

Assignor will communicate to Assignee any facts known to Assignor respecting any improvements; and, at the expense of Assignee, Assignor will testify in any legal proceedings, sign all lawful papers, execute all provisional, divisional, continuation, continuation-in-part, reissue, and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said inventions in all countries.

Assignor further hereby authorizes and requests the attorneys associated with Customer Number 78855, to insert on the designated lines above, the filing date and application number of said Application when known.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
