**IN THE UNITED STATES
PATENT AND TRADEMARK OFFICE**

Serial No.: 14/320,469

Applicant(s): Hansjoerg Haisch

Filed: June 30, 2014

Atty. Docket: 20140102-01

Title: REAL-TIME MODIFICATION OF WAVEFORM CHARACTERISTICS IN
ARBITRARY WAVEFORM GENERATOR

**CORRECTION BY DECLARATION TO REMOVE ERRONEOUSLY FILED
ASSIGNMENT**

Assignment Division
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

An Assignment from Hansjoerg Haisch to Keysight Technologies, Inc. was **erroneously executed** on September 11, 2014 and filed on September 23, 2014.

At the time of filing of the application, June 30, 2014, the inventor, Hansjoerg Haisch, had an obligation to assign his invention to Agilent Technologies, Inc. On August 1, 2014, Keysight Technologies spun off of Agilent Technologies, and the assignment was erroneously filed on behalf of Keysight Technologies. While this invention will be assigned ultimately to Keysight Technologies in a separate filing, this invention should not have been assigned to Keysight Technologies directly, for, as noted above, the obligation to assign this invention was to Agilent Technologies, not Keysight Technologies.

The Assignment has not yet been recorded. Applicants wish to remove said assignment from the record and clarify the correct chain of title for this patent application, which is as follows:

Inventor **Hansjoerg Haisch** executed an assignment to **Agilent Technologies, Inc.** on September 11, 2014. This assignment was filed on October 1, 2014 and is currently awaiting recordation.

As shown above, the entire right, title and interest of U.S. Patent Application No. 14/320,469 is accorded to Agilent Technologies, Inc.

Conclusion

In view the foregoing, applicant(s) respectfully request(s) that the Examiner withdraw the objection(s) and/or rejection(s) of record, allow all the pending claims, and find the application in condition for allowance.

If any points remain in issue that may best be resolved through a personal or telephonic interview, the Examiner is respectfully requested to contact the undersigned at the telephone number listed below.

Respectfully submitted on behalf of:

Keysight Technologies, Inc.
