| ATTACHMENT (SMNPH.262DA) | U.S. Patent Application No. 29/492,115 | May 28, 2014 |

WHEREAS, Smith & Nephew, Inc., a Delaware corporation having offices at 1450 Brooks Road, Memphis, TN 38116, United States of America (hereinafter "ASSIGNEE") desires to confirm that it has acquired the entire right, title, and interest of ASSIGNOR in and to the Inventions and the Application, as well as all related intellectual property rights as further set forth herein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR hereby acknowledges that ASSIGNOR has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, unto said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title, and interest throughout the world in and to each of the following:

A. The Inventions, including without limitation any of ASSIGNOR's improvements thereto, whether conceived and/or reduced to practice by each ASSIGNOR alone or jointly with anyone else;

B. The Application, including without limitation any of ASSIGNOR's inventions that may be disclosed therein, and any other applications in which the inventions are disclosed; all provisional and nonprovisional applications relating to the Application or claiming the benefit thereof that have been or may hereafter be filed by the ASSIGNEE in the United States or in any foreign country ("Related Applications"); all continuations, divisionals, and continuations in part of the Application and any such Related Applications; and all U.S. and foreign patents, design applications, design registrations, or registered designs which may be granted on the Application and the Related Applications, and all reissues, re-examinations, and extensions of such patents, design applications, design registrations, or registered designs;
