## ASSIGNMENT

WHEREAS, we, Hubertus GOESMANN, Paul CZECHANOWSKI, and Harald HECK, have made an invention entitled "HIGH-CURRENT PLUG-IN CONNECTOR FOR AUTOMOTIVE VEHICLE APPLICATIONS" for which we have filed an application for Letters Patent of the United States on April 30, 2014, under Application No. 14/355,269 ("the Application"); and

WHEREAS, BAYERISCHE MOTOREN WERKE AKTIENGESELLSCHAFT, a German company, whose address is Petuelring 130, Munchen, 80809 GERMANY, and DIEHL METAL APPLICATIONS GMBH, a German Limited Liability Company, whose address is Am Stichkanal 6-8, Berlin, 14167 GERMANY ("ASSIGNEES"), desire to acquire an equal right, title, and interest in and to the Application, inventions described in the Application, and any Letters Patent issuing from the Application in the United States and in all foreign countries;

NOW THEREFORE, be it known we, the inventors, for and in consideration of certain good and valuable consideration, the sufficiency and receipt of which is acknowledged, at the request of the ASSIGNEES sell, assign, and transfer unto ASSIGNEES, their successors, legal representatives, and assigns, the Application and the inventions described therein for the territory of the United States of America and all continuation, divisional, continuation-in-part, and reissue applications associated therewith; all corresponding patent applications in foreign countries; all applications under the Patent Cooperation Treaty; all applications for extension filed or to be filed for the inventions; and all Letters Patent, Invention Registrations, Utility Models, Extensions, Reissues, and other patent or registration rights obtained for the inventions described in the Application in the United States of America or any other country, including the right to claim the benefit of priority to the Application;

We also assign any right, title, and interest in and to the Application and the inventions described therein which have not already been transferred to the ASSIGNEES;

We warrant that we have made no assignment of the Application, inventions, patents, registrations, or other protections therefor to a party other than ASSIGNEES and we are under no obligation to make any assignment to any other party; and

We further agree to cooperate with the ASSIGNEES in the obtaining and sustaining of any and all such Letters Patent and other protections contemplated herein and in confirming ASSIGNEES' exclusive ownership of the invention(s), but at the expense of the ASSIGNEES,

We have reviewed and understand the contents of the Application, including the claims thereof, which have been amended by a preliminary amendment filed with the application. We affirm the Application was made or authorized to be made by us. We acknowledge the duty to disclose information material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application. We hereby acknowledge that any willful false statement regarding inventorship of the Application may be punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

The Commissioner of Patents is authorized and requested to issue any U.S. Letters Patent solely in accordance with the terms of this Assignment, jointly to BAYERISCHE MOTOREN WERKE AKTIENGESELLSCHAFT and DIEHL METAL APPLICATIONS GMBH, their

successors, legal representatives, and assigns, as the assignee of the entire right, title, and interest therein.

IN WITNESS WHEREOF, the parties hereto have executed this Assignment as of the date indicated below.
