Daniel E. Boss, a citizen of the United States of America, residing at 1338 Windhaven Drive, Murphy, Texas 75094,

David J. Gennrich, a citizen of the United States of America, residing at 5751 Monticello Way, Fitchburg, Wisconsin 53719,

Cory Boudreau, a citizen of the United States of America, residing at 8382 Hidden Bay Trail, Lake Elmo, Minnesota 55042,

Daniel Roger Nett, a citizen of the United States of America, residing at 3234 Weybridge Drive, Sun Prairie, Wisconsin 53590,

Kent J. Kallsen, a citizen of the United States of America, residing at 1147 Hillebrand Drive, Jefferson, Wisconsin 53549, and

Luis Duque, a citizen of the United States of America, residing at 230 Anderson St. Apt 7E, Hackensack, NJ 07601

(hereinafter collectively referred to as "Assignors") have invented certain inventions and improvements disclosed in a non-provisional application for United States Patent entitled **ROOF INTEGRATED PHOTOVOLTAIC SYSTEM**, which application is about to be filed in the United States Patent and Trademark Office and was executed as follows:

WHEREAS, it is agreed that **Building Materials Investment Corporation**, a Corporation of the State of Delaware, having its principal place of business at 2600 Singleton Boulevard, Dallas, Texas 75212, is entitled to or is desirous of acquiring all right, title and interest related to the same;

NOW, THEREFORE, for and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **Assignors**, by these presents, do sell, assign and transfer unto **Building Materials Investment Corporation**, the full, exclusive and entire right, title and interest: (i) in and to all inventions and improvements disclosed and described in said application, (ii) in and to said application, (iii) in and to all divisional, continuation, and continuation-in-part applications describing in whole or in part the said inventions and improvements, preparatory to obtaining Patents of the United States therefor, (iv)

Assignment for "Roof Integrated Photovoltaic System"

in and to all patents of the United States which may be granted on the foregoing and all reissues and extensions thereof, (v) in and to any provisional patent applications filed in the United States describing in whole or in part the said inventions and improvements, from which priority has been or may be claimed under Title 35 of the United States Code, and (vi) in and to the right to claim any applicable foreign and domestic priority rights arising from any of the aforementioned patent applications; and Assignors do hereby request the Commissioner of Patents to issue any and all Patents of the United States resulting from said application, or from a division, continuation, continuation-in-part, or reissue thereof, to **Building Materials Investment Corporation** as Assignee, for its interest and for the sole use and behoof of **Building Materials Investment Corporation** and its assigns and legal representatives;

For the same consideration, Assignors, by these presents do sell, assign and transfer to **Building Materials Investment Corporation** the full, exclusive and entire right, title and interest: in and to any and all applications for industrial property protection, including without limitation, all applications for patents, utility models, inventors' certificates and designs, (the "Foreign Applications") filed or which are hereafter filed in countries foreign to the United States and describing in whole or in part the said inventions and improvements, in and to any Patents and similar protective rights granted on said Foreign Applications, and in and to the right to file such applications and the right to claim any applicable priority rights arising from or required for said Foreign Applications under the terms of any applicable conventions, treaties, statutes, or regulations; said Foreign Applications to be filed and issued in the name of **Building Materials Investment Corporation** or its respective designees, insofar as permitted by applicable law;

AND, for the same consideration, Assignors agree to communicate to the said **Building Materials Investment Corporation**, its successors, legal representatives and assigns, any facts known to Assignor respecting said invention, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and other applications, make all assignments and rightful oaths, and generally do everything possible to aid **Building Materials Investment Corporation**, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world;

Assignment for "Roof Integrated Photovoltaic System"

Assignors covenant with Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned.
