ASSIGNMENT

WHEREAS, We, **Craig E. Wallace** of Brighton, Illinois 62012, **Douglas F. Walker** of Long Beach California 90803, **Jason D. LeBloch** of Santa Monica, California 90401, **Jonathan R. Lucas** of Long Beach, California 90804, **John Scott Lee** of Long Beach, California 90802, and **Scott J. Durfee** of Wildwood, Missouri 63011 (collectively and individually "**Inventors**") have invented a certain new, original and ornamental design for a

INTEGRATED CONDUIT AND INTERFACE BOX FOR A MOTOR

for which an application for Design Patent of the United States has been filed, said application being identified as follows: Serial No. 29/492,248 filed May 29, 2014; and

WHEREAS, **Design Catapult, Inc.**, a corporation duly organized under the laws of the State of California, and having a principal place of business at 17361 Newhope Street, Fountain Valley, California 92708 (hereinafter referred to as "**Catapult**"), may have acquired rights in and to said invention and said application from **Douglas F. Walker, Jason D. LeBloch, Jonathan R. Lucas, and John Scott Lee** by virtue of their employment with **Catapult**;

WHEREAS, Nidec Motor Corporation ("**Assignee**"), a corporation duly organized under the laws of the State of Delaware, and having its principal place of business at 8050 West Florissant Ave., St. Louis, Missouri 63136, is desirous of acquiring an interest in, to and under said invention, said application and any and all Design Patents which may be granted for or upon said invention in the United States of America and all countries foreign thereto.

NOW, THEREFORE, to all whom it may concern be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **Inventors** and **Catapult**

have sold, assigned and transferred, and by these presents do sell, assign and transfer unto said **Assignee** their full and exclusive right, throughout the world, in, to and under the following:

- (a) said invention as fully set forth and described in said application;
- (b) said application;
- (c) any and all refilings, divisions and continuations of said application;
- (d) any and all Design Patents of the United States of America which may issue from said

applications, refilings, divisions and continuations;

- (e) any and all reissues of said Design Patents of the United States of America;

(f) any and all applications for Design Patent on said invention which have heretofore been filed or may hereafter be filed in any and all countries foreign to the United States of America, together with all rights to file and to claim priority in connection with said foreign-filed applications;

- (g) any and all refilings, divisions and continuations of said foreign-filed applications;

(h) any and all Design Patents of countries foreign to the United States of America which may issue from said foreign-filed applications, refilings, divisions and continuations; and

(i) any and all extensions of and additions to said Design Patents of countries foreign to the United States of America.

ALL of the above shall be held and enjoyed by **Assignee**, for its own use and behoof, and for its successors, legal representatives and assigns, to the full end of the term for which said Design Patents may be granted, and **Inventors** and **Catapult** do hereby authorize and request the Commissioner of Patents and Trademarks to issue said Design Patents in accordance with this Assignment.

Inventors and Catapult further agree to execute all paperwork and provide any other requested, non-monetary assistance in procuring, perfecting, enforcing, and/or defending Assignee's rights as assigned herein.
