ASSIGNMENT

WHEREAS, I, Jeff Brawley (the "**Inventor**") have invented certain new and useful improvements in TRUCK TOWING SYSTEM AND ASSEMBLY, (the "**Invention**"), and for which an application was filed for a United States Patent on December 14, 2010 to which Application No. 12/967,860 was assigned (the "**Application**"); and

WHEREAS, Truckmovers.Com, Inc. ("**Truckmovers**"), a Missouri corporation, 3901 Blue Ridge Cutoff, Kansas City, Missouri 64133 ("**Truckmovers**"), is desirous of acquiring an interest in, to and under said Invention, any and all Patent Applications filed for the Invention ("**Applications**"), and any and all Letters Patent which may be granted for or upon said Invention or from said Applications in the United States of America and all countries foreign thereto.

NOW THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Inventor has sold, assigned and transferred, and by these presents to sell, assign and transfer unto the said **Truckmovers**, the full and exclusive right, title and interest, throughout the world, in, to and under the following:

(a) said Invention as set forth and described in the specification, if any, prepared, executed, to be executed or not executed by us therefore preparatory to obtaining one or more patents of the United States and/or countries foreign thereto, whether prepared, executed and/or filed as a provisional application and/or a non-provisional application;

(b) said Applications;

(c) any and all provisionals and non-provisionals, refilings, divisions, continuations and continuations-in-part of said Applications;

(d) any and all patents of the United States of America that may issue from said Applications, refilings, divisions, continuations and continuations-in-part;

(e) any and all reissues, reexaminations and extensions of said patents of the United States of America;

(f) any and all further applications for patent for or upon said Invention that may be filed in any and all countries foreign to the United States of America;

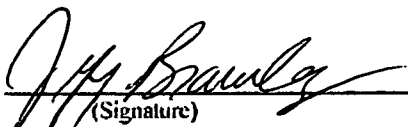

(g) any and all refilings, divisions and continuations of said foreign-filed applications;

(h) any and all patents of countries foreign to the United States of America that may issue from the said foreign-filed applications, refilings, divisions and continuations; and

(i) any and all extensions of, and additions to, said patents of countries foreign to the United States of America.

Inventor agrees to execute any additional documentation or papers provided by Truckmovers to Inventor relating to the Invention, this Assignment, or the Applications in order for Truckmovers to file and maintain the Applications and/or to record Truckmovers' ownership interest in the Applications.

ALL of the above shall be held and enjoyed by said *Truckmovers*, for its own use and benefit, and for its successors, legal representatives and assigns, to the full end of the term for which said Letters Patent may be granted, and we do hereby authorize and request the Commissioner of Patents and Trademarks to issue the said Letters Patent in accordance with this Assignment.
