Sal, DK-1304, Copenhagen K, Denmark ("ATTENTION DESIGN"); and MÖLNLYCKE HEALTH CARE AB, of Gamlestadsvägen 3C, 40252 Göteborg, Sweden ("MÖLNLYCKE") in order to clarify and properly document each party's interest in United States Patent Application Number 29/477,838, filed December 27, 2013 (the '838 application) and the following related priority applications:

- European Registered Community Design No. 001376552-0001, filed on July 5, 2013;
 - European Registered Community Design No. 001376552-0002, filed on July 5, 2013;
 - European Registered Community Design No. 001376552-0003, filed on July 5, 2013;
 - European Registered Community Design No. 001376552-0004, filed on July 5, 2013;
 - European Registered Community Design No. 001376552-0005 filed on July 5, 2013;
 - European Registered Community Design No. 001376552-0006, filed on July 5, 2013;
 - European Registered Community Design No. 001376552-0007, filed on July 5, 2013;
 - and
 - European Registered Community Design No. 001376552-0008, filed on July 5, 2013
- (collectively the "related priority applications").

WHEREAS, Nordbo and Engwall are named inventors on the '838 application and the related priority applications; and

WHEREAS, at the time of their inventive contribution to the '838 application and the related priority applications Nordbo and Engwall were under an obligation to assign their entire rights, title, and interest in the '838 application and the related priority applications to ATTENTION DESIGN; and

WHEREAS, through error without any deceptive intent, on January 8, 2014, Nordbo and Engwall executed an Assignment document (the "MÖLNLYCKE Assignment") purporting to transfer their entire rights, title, and interest in the '838 application and the related priority applications to MÖLNLYCKE; and

WHEREAS, the MÖLNLYCKE Assignment was recorded in the United States Patent and Trademark Office on January 13, 2014, at Reel 031952 and Frame 0306; and

WHEREAS, Nordbo and Engwall, MÖLNLYCKE, and ATTENTION DESIGN all wish to correct the record and to make clear that Nordbo and Engwall's rights are not assigned to MÖLNLYCKE but rather are assigned to ATTENTION DESIGN;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency

of which is hereby acknowledged, Nordbo and Engwall, MÖLNLYCKE, and ATTENTION DESIGN do hereby agree as follows:

1. Nordbo and Engwall's execution of the MÖLNLYCKE Assignment was not an effective transfer of rights to MÖLNLYCKE since Nordbo and Engwall's entire rights, title and interest in any inventions described or claimed in the '838 application and the related priority applications were previously obligated to ATTENTION DESIGN;
2. To the extent that Nordbo and Engwall's execution of the MÖLNLYCKE Assignment did transfer rights to ATTENTION DESIGN, that transfer is hereby revoked in its entirety by MÖLNLYCKE, such that any relevant rights are returned to Nordbo and Engwall;
3. Nordbo and Engwall hereby transfer and/or confirm the transfer of, and ATTENTION DESIGN hereby accepts transfer of, their entire rights, title and interest in any inventions described in the '838 application and the related priority applications as being sold, assigned, and transferred to ATTENTION DESIGN, its successors, assigns and legal representatives, such that ATTENTION DESIGN therefore has the full and exclusive right, title and interest in Nordbo and Engwall's rights in any such inventions, and in and to Nordbo and Engwall's rights in the '838 application and related priority applications, and in all patents which may be granted therefore, and all divisions, reissues, substitutions, continuations;
4. Nordbo and Engwall hereby authorize and requests that the Commissioner of Patents and Trademarks issue all patents for said invention, or patents resulting therefrom, insofar as their interest is concerned, to ATTENTION DESIGN as the assignee of their rights, title and interest;
5. Nordbo and Engwall also hereby sell and assign, and/or confirms the sale and assignment to ATTENTION DESIGN, its successors, assigns and legal representatives, of the full and exclusive rights, title and interest to Nordbo and Engwall's rights in any invention disclosed in the '838 application and related priority applications, throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for any such invention in its own name throughout the world, including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention, and all rights to register said invention in appropriate registries;
6. Nordbo and Engwall here appoint and/or confirm appointment of ATTENTION DESIGN as their common representative for purposes of Patent Cooperation Treaty filings directed to inventions disclosed in the '838 application and related priority applications;
7. Nordbo and Engwall agree and/or confirm their agreement to execute any and all powers of attorney, applications, assignments, s, affidavits, and any other papers in connection therewith necessary to perfect such rights, title and interest in ATTENTION DESIGN, its successors, assigns and legal representatives;
8. Nordbo and Engwall further agree and/or confirm their agreement to communicate to ATTENTION DESIGN, or to its successors, assigns and legal representative, any facts known to them respecting any improvements; and, at the expense of said ATTENTION DESIGN, to testify

in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make all lawful oaths, and generally do everything possible to vest title ATTENTION DESIGN and to aid ATTENTION DESIGN, its successors, assigns and legal representatives to obtain and enforce proper protection for said invention in all countries;

9. MÖLNLYCKE and ATTENTION DESIGN acknowledge and consent to each of the transfers, authorizations, sales, assignments, appointments, agreements and confirmations made by Nordbo and Engwall herein; and ATTENTION DESIGN accepts all relevant rights, responsibilities and authorities.
