PATENT ASSIGNMENT

Assignee:

Bandit Industries, Inc.
6750 Millbrook Rd.
Remus, MI 49340

Assignor:

Michael D. Morey
4570 W. Remus Rd.
Mt. Pleasant, MI 48858

WHEREAS, Michael D. Morey, residing at 4570 W. Remus Rd., Mt. Pleasant, MI 48858 (hereinafter referred to as Assignor) has invented certain new and useful improvements in waste processing machines: including but not limited to wood, tree and brush chippers, mulchers, and the like; stump grinders; horizontal grinders and recyclers; forestry mowers; and associated parts therefor, collectively hereinafter referred to as Inventions, and for which the following invention disclosures, United States patent(s), United States patent application(s), and corresponding foreign patent(s) and application(s) are listed in the attached Schedule A.

WHEREAS, Bandit Industries, Inc., is a Corporation of the State of Michigan having a place of business at 6750 Millbrook Rd., Remus, MI 49340, its heirs, successors, legal representatives and assigns (hereinafter referred to as Assignee) is desirous of acquiring the full, entire and exclusive right, title and interest to said Inventions, United States patent(s), United States patent application(s), and corresponding foreign patent(s) and application(s) as listed in Schedule A, including the entire right, title and interest in and to any and all Patent Application(s) and granted Patent(s) stemming therefrom that may be applied for and/or granted therefor in the United States and in any and all foreign countries, including to any and all divisions, reissues, continuations, continuation-in-part, and all subsequently filed Patent Application(s) and granted Patent(s) claiming priority thereon, as well as extensions thereof including the full right to claim for any such application the benefits of any International Convention (e.g., International Convention for the Protection of Industrial Property or similar agreements), all collectively hereinafter referred to as Patents, including the right to sue for and collect past damages for infringement of said Inventions and Patents.

NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00), the receipt of which is hereby acknowledged, and for other good and valuable considerations, Assignor hereby sells, assigns and transfers unto said Assignee the full, entire and exclusive right, title and interest to said

Inventions and Patents in the United States and in all foreign countries, including the entire right, title and interest in and to any and all Patent Application(s) and granted Patent(s) stemming therefrom that may be applied for and/or granted therefor in the United States and in any and all foreign countries, including to any and all divisions, reissues, continuations, continuation-in-part, and all subsequently filed Patent Application(s) and granted Patent(s) claiming priority thereon, as well as extensions thereof including the full right to claim for any such application the benefits of any International Convention (e.g., International Convention for the Protection of Industrial Property or similar agreements), including the right to sue for and collect past damages for infringement of said Inventions and Patents.

Assignor hereby authorize(s) and request(s) the Patent and Trademark Office Officials in the United States of America and in any foreign countries to issue any and all of said Patents resulting from said application(s) and any and all divisions, reissues, continuations, continuation-in-part, and all subsequently filed Patent Application(s) and granted Patent(s) claiming priority thereon to said Assignee, as Assignee of the entire right, title and interest in and to the same, for the sole use and behoof of said Assignee, its successors and assigns, and hereby covenants that he has the full right to convey the entire interest herein assigned, and that he has not executed, and will not execute, any agreement in conflict herewith.

FURTHER, Assignor agrees to communicate to said Assignee or its representatives any facts known to Assignor respecting said Inventions and Patents, testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, and reissue applications, execute all necessary assignment papers to cause any and all of said Inventions and Patents, including as defined herein-above any and all Patent Application(s) and granted Patent(s) stemming therefrom, to be issued to said Assignee (or in the name of said Assignee), execute any/all separate assignments in connection with such Inventions and Patents, including as defined herein-above any and all Patent Application(s) and granted Patent(s) stemming therefrom, as the Assignee may deem necessary or expedient, to execute all papers and documents and to perform any act which may be necessary in connection with such Inventions and Patents, including as defined herein-above any and all Patent Application(s) and granted Patent(s) stemming therefrom, including in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar agreements, to perform all affirmative acts which may be necessary to obtain a grant of any and all of said patent(s) and to vest all rights therein hereby conveyed to said Assignee as fully and entirely as the same would have been held by the undersigned if this Assignment and sale had not been made, to make all rightful oaths, to cooperate with, and generally do everything possible to aid said Assignee, its successors and assigns to obtain and enforce proper protection for said Inventions and Patents(s) in the United States and in any and all foreign countries.

The undersigned hereby appoints the attorneys and practitioners of the law firm of Paparella & Associates, and as related to the Patents listed in Schedule A, to prosecute all Patents and to transact all business connected therewith, both in the U.S. with the United States Patent and Trademark Office as well as in any foreign country and with any and all Patent and Trademark Offices connected therewith. The undersigned hereby grant(s) the law firm of Paparella & Associates, the power to insert on this Assignment any further identification and/or information which may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office for recordation of this document, as well as any such corresponding foreign Patent and Trademark Office.

OBLIGATION TO ASSIGN

Assignor, as sole or joint inventor of the Inventions and Patents, acknowledges that S/He has an obligation to assign the Inventions and Patents to Assignee, and that such obligation existed:

whether:

as a condition of employment or via such employment; contractually (express or implied); as a result of a legal or ethical relationship and duty or like obligation (e.g., in law or equity); whether as: employee; officer, director, shareholder, or the like; or contractor;

upon conception of the Invention, and before the filing of all Patents.

DECLARATION (37 CFR 1.63) FOR UTILITY OR DESIGN APPLICATIONS

As the below named inventor, I hereby declare that, and for the applications listed in the attached Schedule A:

The applications were made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the applications.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

Executed the 10th day of September, 2014.

IN TESTIMONY WHEREOF, I have hereunto set my hand on the date appearing next to my signature.

Inventor (Assignor)

Michael D. Morey
