PATENT SECURITY AGREEMENT (JUNIOR)

This Patent Security Agreement (this "*Agreement*") is entered into as of October 10, 2014 by Proxim Wireless Corporation (referred to herein as the "*Grantor*") for the benefit of ProxAgent, Inc., as the administrative agent (in such capacity, the "*Administrative Agent*") and as the collateral agent (in such capacity, the "*Collateral Agent*").

Reference is made to (a) the Junior Security and Pledge Agreement dated as of January 4, 2011 (as amended, supplemented or otherwise modified from time to time, the "*Junior Security Agreement*"), among the Grantor and the Collateral Agent, (b) the Securities Purchase Agreement dated as of July 25, 2008 (as amended, supplemented or otherwise modified from time to time, the "*Junior Purchase Agreement*") among the Grantor, Lloyd I. Miller, III, Milfam II L.P., and any other purchasers from time to time (collectively the "*Purchasers*" and referred herein as the "*Junior Lenders*") and ProxAgent, Inc. as the Administrative Agent and Collateral Agent. The Junior Lenders have agreed to extend credit to the Grantor subject to the terms and conditions set forth in the Junior Security Agreement and the Junior Purchase Agreement. In consideration of the Junior Lenders extending such credit, the Grantor hereto agreed to execute the attached Agreement. Accordingly, the party hereto agrees as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Junior Security Agreement and the Junior Purchase Agreement. The rules of construction specified in the Junior Purchase Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations under the Junior Purchase Agreement, Grantor, pursuant to the Junior Security Agreement, did and hereby does grant to the Collateral Agent, its successors and assigns, for the benefit of the Junior Lenders, a security interest in, all right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "*Patent Collateral*"):

(a) All letters patent of the United States or the equivalent thereof in any other country, all registrations and recordings thereof, and all applications for letters patent of the United States or the equivalent thereof in any other country, including registrations, recordings and pending applications in the United States Patent and Trademark Office (or any successor or any similar offices in any other country), including those listed on Schedule I, and all reissues, continuations, divisions, continuations-in-part, renewals or extensions thereof, and the inventions disclosed or claimed therein, including the right to make, use and/or sell the inventions disclosed or claimed therein; and

(b) Proceeds of any and all of the foregoing.

SECTION 3. Security Agreement. The security interests granted to the Collateral Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Collateral Agent pursuant to the Junior Security Agreement. Grantor hereby acknowledges

and affirms that the rights and remedies of the Collateral Agent with respect to the Patent Collateral are more fully set forth in the Junior Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement, the Junior Security Agreement and the Junior Purchase Agreement, the terms of the Junior Security Agreement and the Junior Purchase Agreement shall govern.
