**COMBINED DECLARATION AND ASSIGNMENT
FOR
UTILITY PATENT APPLICATION**

As the below named inventor(s), I/we hereby declare that:

(1) This declaration and assignment are directed to:

Title: A METHOD AND A DEVICE FOR MEASURING MUSCLE SIGNALS

- ☐ the specification of which is attached hereto; OR
- ☒ United States Patent Application or PCT International application number:
PCT/FI2013/050452; filed on 23 April 2013; as amended on (if applicable)

_____.

(I/We hereby authorize and request the Company or its designated attorneys, representatives or agents to insert above the application number and filing date of the application, or other pertinent information herein, when known.)

- (2) The above-identified application was made or authorized to be made by us.
- (3) We believe that we are the original and first inventors of the subject matter which is claimed and for which a patent is sought on the above-reference application.
- (4) Each inventor's residence, mailing address, and citizenship are as stated below next to their name
- (5) We hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. §1001 by fine or imprisonment of not more than five (5) years, or both.
- (6) We have reviewed and understand the contents of the above-identified application, including the claims, as amended by any amendment referred to above.
- (7) We acknowledge the continuing duty to disclose to the United States Patent and Trademark Office all information known to us to be material to patentability of this application, as defined in Title 37, Code of Federal Regulations, Section 1.56, including, for continuation-in-part applications, material information which becomes available between the filing date of the prior application and the filing date of the continuation-in-part application.

Authorization To Permit Access To Application by Participating Office

☒ If checked, the undersigned(s) hereby grants the USPTO authority to provide the European Patent Office (EPO), the Japan Patent Office (JPO), the Korean Intellectual Property Office (KIPO), the World Intellectual Property Office (WIPO), and any other intellectual property offices in which a foreign application claiming priority to the above-identified patent application is filed access to the above-identified patent application. See 37 CFR 1.14(c) and (h). This box should not be checked if the applicant does not wish the EPO, JPO, KIPO, WIPO, or other intellectual property office in which a foreign application claiming priority to the above-identified patent application is filed to have

access to the above-identified patent application. In accordance with 37 CFR 1.14(h)(3), access will be provided to a copy of the above-identified patent application with respect to: 1) the above-identified patent application-as-filed; 2) any foreign application to which the above-identified patent application claims priority under 35 U.S.C. 119(a)-(d) if a copy of the foreign application that satisfies the certified copy requirement of 37 CFR 1.55 has been filed in the above-identified patent application; and 3) any U.S. application-as-filed from which benefit is sought in the above-identified patent application. In accordance with 37 CFR 1.14(c), access may be provided to information concerning the date of filing the Authorization to Permit Access to Application by Participating Offices.

OATH:

We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

ASSIGNMENT OF RIGHTS:

Whereas, we have invented certain new and useful improvements in the Invention identified above and described in the above-identified patent application(s) and/or patent(s) (hereinafter referred to as "Invention"); and,

Whereas we desire to assign our above-identified rights, title and interest in the Invention to the Assignee identified herein;

Now, this indenture witnesseth, that for good and valuable consideration, the receipt whereof is hereby acknowledged, I/we,

Inventor(s) (assignors)
