**WHEREAS, Philip H. Dater**, residing in Boise, Idaho; and **Gregory Felton**, residing in St. Albans, Herts, United Kingdom (hereinafter "Assignor") have invented certain new and useful inventions and improvements (hereinafter "Invention") which are disclosed in the application for United States Letters Patent Serial No. 14/477,691 which was filed on September 4, 2014 and is entitled FLASH HIDER FOR FIREARM SUPPRESSOR.

**WHEREAS, Law Enforcement International Ltd.** having a place of business at P.O. Box 328, St. Albans, Herts AL4 OWA, United Kingdom and **Antares Technologies, Inc.** having a place of business at 15005 N McFarland Creek Rd, Boise 83714 (hereinafter "Assignees") are desirous of acquiring the entire right, title and interest in and to the Invention within the United States of America and its territorial possessions and all foreign countries, and in and to any United States or foreign LETTERS PATENT that may be granted therefor;

**NOW, THEREFORE**, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignors have assigned, sold and transferred, and doe assign, sell and transfer to the Assignees, its successors and assign, the entire right, title and interest in and to the Invention within the United States of America and its territorial possessions and all foreign countries, and in and to any LETTERS PATENT of the United States and foreign countries, including utility models, inventor's certificates and like government grants that may be granted for any and all portions thereof, and in and to the patent application identified above and applications for patent filed for the Invention in all foreign countries and all provisional, divisional, reissue, continuation, continuation-in-part applications and extensions of any of the applications for patent or LETTERS PATENT identified herein, including all applications claiming the priority of said applications for patent or LETTERS PATENT identified herein, and the right to apply for LETTERS PATENT in foreign countries with full benefit of such priorities as may now or hereafter be granted to Assignor by local laws or by treaty, including any international convention, for the protection of industrial property, together with the right to extend the protection of the United States LETTERS PATENT to the various territorial possessions now owned or which may be hereafter acquired by the United States of America. Assignees will hold all rights for their own use and benefit and for the use and benefit of their successors or assigns to the full end of the term for which the LETTERS PATENT may be granted, as fully and entirely as the same would have been held and enjoyed by Assignors if this assignment and sale had not been made. Assignors request and authorize the Commissioner of the U.S. Patent and Trademark Office, and foreign counterpart officials of foreign patent offices, to issue respective LETTERS PATENT in the United States and foreign countries when granted, in accordance with this assignment.

Assignors further covenant and agree with the Assignees that Assignors have a full and unencumbered title to the Invention, which title Assignors warrant to the Assignees.
