B. Assignor assigned the Patents to Assignee in a Patent Assignment dated June 20, 2014.

C. Assignee is desirous of acquiring and of confirming its acquisition of Assignor's right, title and interest in and to the Patents.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, and does hereby sell, assign and transfer to Assignee, all right, title and interest in and to:

(i) the Patents, including any and all inventions, invention disclosures and discoveries claimed or described therein;

(ii) all United States, foreign and international patents and patent applications resulting from the Patents, including any and all patents and patent applications disclosing said invention(s) and any patents issuing from such applications, including provisionals, non-provisionals, divisionals, continuations, reissues, extensions, and re-examinations of the Patents, along with the rights of priority created by such patents and patent applications under any treaty relating thereto, and

(iii) all past, present and future causes of action and enforcement rights, whether currently pending, filed or

otherwise, in connection with the Patents, the patents and patent applications identified in part (ii) above, and any of the inventions or discoveries described or claimed therein, including without limitation, all rights to sue for any past, present or future infringement of the Patents, including the rights to license and to collect and receive any damages, royalties, injunctive relief, and/or any other settlements or remedies for such infringements,

the same to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns and other legal representatives, to the end of the term or terms thereof as fully and entirely as the same would have been held and enjoyed by Assignor, if this assignment and sale had not been made.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all Letters Patents of the United States on said Patents, applications, or inventions to Assignee as assignee of the entire right, title, and interest therein.

IN WITNESS WHEREOF, Assignor has executed this Assignment by its duly authorized representative,
