JOINT PATENT ASSIGNMENT

For value received we, Raymond Joseph O'Neill and Dennis Carr, co-inventors of U.S. Application Serial No. 12/987,218 entitled "Machine For Manufacturing Concrete U-Wall Type Construction Blocks By Molding Each Concrete U-Wall Construction Block From Concrete Poured About A block Cage Made From Reinforcing Material While Said Block Cage Is Loaded Within Said Machine (As Amended)", filed January 10, 2011, hereby sell, assign and transfer to Stable Concrete Structures, Inc., a corporation of Alabama, having a place of business at 1707 Hillyer Robinson Industrial Parkway, Oxford, Alabama, 36203, and Concrete Systems, Inc., a corporation of New Hampshire, having a place of business at 9 Commercial Street Hudson, New Hampshire 03051, as joint assignees, an equal and undivided ownership interest in the entire rights, title and interest, for all countries, in and to all inventions disclosed in said U.S. Application Serial No. 12/987,218 filed January 10, 2011, and all the rights and privileges under any and all Letters Patents that may be granted therefor.

We request that any and all patents for said invention be issued to said joint assignees, their successors, assigns and legal representatives, or to such nominees as they may designate.

We agree that, when requested, we will, without charge to said joint assignees but at their expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said joint assignees, their successors, assigns and legal representatives or nominees.

We authorize and empower said joint assignees, their successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said invention filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

We hereby consent that a copy of this patent assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of the said joint assignees or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

We covenant with said joint assignees, their successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.

Joint Patent Assignment in favor of  
Stable Concrete Structures, Inc. and Concrete Systems, Inc.
