ASSIGNMENT

Whereas, I, Jason Haak, a citizen of the United States of America, residing at 3505 E 33rd St., Sioux Falls, SD 57103, have made inventions in catheter anchoring devices which form the basis for the patent applications and patents identified in the attached **Exhibit 1**, together with the inventions described and claimed therein;

Now, therefore, for good and valuable consideration, the receipt and adequacy and sufficiency of which are hereby acknowledged, I have agreed to assign and transfer and do hereby assign and transfer unto

A & R POSSIBILITIES, LLC

(hereinafter called "Company"), a limited liability company of South Dakota having its principal office at 3505 E 33rd St., Sioux Falls, SD 57103, Sioux Falls, SD 57104, its successors and assigns, the entire right, title and interest in and to the patent applications and patents identified on the attached **Exhibit 1**, together with the inventions described and claimed therein, and in and to any division or continuation or continuation-in-part of the patents and applications in **Exhibit 1**, and in and to any and all improvements in the said invention made by me alone or jointly with others, and in and to any and all Letters Patent and reissues and extensions thereof of the United States of America and countries foreign thereto (including the right to apply for Letters Patent in Foreign countries in its own name and to claim any and all priority rights for such foreign applications to which such applications are or may be entitled under international conventions, treaties, or otherwise) which have been or may be granted on the applications in **Exhibit 1** or on any divisional, continuation (in whole or in part), renewal, reissue or other or further application based in whole or in part upon the said invention or improvements thereon, to be held and enjoyed by said Company as fully and exclusively as they would have been by me had this assignment and transfer not been made;

I further agree for myself and for my heirs, executors and administrators, to execute and deliver without further consideration any further applications, assignments and documents, and to perform such other lawful acts, that may be deemed necessary by the aforesaid Company, its successors, assigns and nominees, fully to secure its interest as aforesaid and to obtain or maintain Letters Patent in any and all countries;

And I do hereby authorize and request any official whose duty it is to issue patents, to issue any and all patents as may be granted upon any of the aforesaid applications to the aforesaid Company, as the assignee of the entire interest therein.

This assignment confirms previous assignments made by Jason Haak to A & R Possibilities, LLC, including a "Short Form Patent Assignment" executed on February 21, 2011, and recorded at the U.S.P.T.O. on March 3, 2011 (at reel 025892/frame 0005), and an "Assignment of Inventor Rights" executed on October 6, 2011 and not recorded in the U.S.P.T.O. This Assignment controls any conflicting provisions in those documents.

I also hereby assign in all countries of the world any and all of my right, title and interest in and to any and all copyright property appertaining any drawings or other materials relating to the tangible means of expression and illustration of the said inventions and discoveries.

In witness whereof, I have hereunto signed my name on the day and year set forth below.

ASSIGNOR:

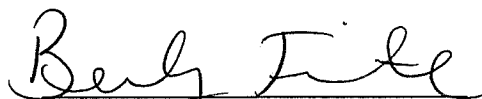

JASON D. HAAK

STATE OF South Dakota)
COUNTY OF Minnehaha) SS

On this ^{BF} 31st day of October, 2014, before me personally appeared the above-named JASON D. HAAK personally known to me, and known by me to be the person described in and who executed the foregoing instrument, and he acknowledged that he executed the same as his free act and deed, on the day and year aforesaid.
