PATENT ASSIGNMENT AGREEMENT

For and in consideration of good and valuable consideration, the receipt and sufficiency thereof being hereby acknowledged, the undersigned Assignor hereby sells, assigns, and transfers the entire world wide right, title and interest for the United States and all foreign countries unto TROVE PREDICTIVE DATA SCIENCE, LLC.

and Trove Predictive Data Science, LLC (the “Assignee”) desires to acquire all right, title, and interest, in and to those certain inventions (identified below), and all letters patent of the United States and foreign patents obtained therefor relating to:

1. U.S. Patent No. 8,504,668 (along with U.S. Patent Application Serial No. 12/697,326);
2. U.S. Patent Application Serial No. 13/833,185
3. U.S. Patent Application Serial No. 13/833,815

along with: (i) any and all patents and patent applications throughout the world existing now or in the future that claim priority directly or indirectly to the above-listed U.S. patent registration and applications or otherwise describe the same inventions and/or technology that is described in the above-listed U.S. patent registration and applications; (ii) any and all substitutions, extensions, reissues, renewals, divisions, continuations, and continuations-in-part of the above-listed patent registration and applications, including all foreign equivalents; and (iii) any and all rights or causes of action relating to the above-listed patent registration and applications, whether existing now or in the future, to be held and enjoyed by the Assignee, its successors, legal representatives and assigns to the full end of the term or terms for which any and all such letters patent and foreign patents may be granted as fully and entirely as would have been held and enjoyed by the undersigned had this Assignment not been made (collectively, the “Assigned Patents”);

The undersigned Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to record this assignment and/or to re-issue any and all such letters patent to the Assignee, its successors and assigns, in accordance herewith;

The undersigned Assignor warrants and covenants that it has the full and unencumbered right to sell, transfer and assign the interests in the Assigned Patents hereby sold and assigned and that it has not executed and will not execute any document or instrument in conflict herewith;

Assignor shall take such steps and actions, at Assignee’s cost, following the date hereof, including the execution of any documents, files, registrations, or other similar items, to ensure that the Assigned Patents are properly assigned to the Assignee, or any assignee or successor thereto;

Assignor further agrees, at Assignee’s expense, to: (a) cooperate with the Assignee in the protection of the patent rights and prosecution and protection of related and foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as the Assignee

lawfully may request to obtain or maintain the Patent and any and all applications and registrations for the invention in any and all countries.

This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, United States of America, excluding its conflicts of laws principles. To the full extent permitted by law, the exclusive jurisdiction for any action relating to this Agreement shall be a federal or state court in King County, Washington, and the Parties consent to such jurisdiction and waive and agree not to plead or claim that any such action or proceeding has been brought in an inconvenient forum.

This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.
