Assignors each further agree that upon request Assignors will promptly provide Assignee or its legal representatives all pertinent facts and documents relating to the invention and all other items listed above, and Assignors will testify as to the same in any interference, litigation, or proceeding related thereto. Further, Assignors will promptly execute and deliver to Assignee or its legal representatives any and all papers, instruments, and affidavits required to apply for, obtain, maintain, issue, and enforce all of the items listed above.

All of the above shall be held and enjoyed by Assignee and its successors, legal representatives, and assigns for their own use and benefit, for the full term for which the protections listed above may be granted, and Assignors hereby authorize and request the Commissioner of Patents and Trademarks to issue patents to Assignee in accordance with this Assignment.

This Agreement is an integrated agreement that contains the entire understanding between the Parties regarding the matters addressed herein and may not be amended, extended or otherwise modified except by written agreement of the parties. This Agreement shall prevail over all prior communications between and among the parties or their representatives regarding the matters addressed herein.
