## ASSIGNMENT

WHEREAS, Tai Yiu Ly, (the "Assignor"), having a post office address of 4109 S 220th Pl, Kent, WA 98032 is an inventor of the inventions described and claimed in the following patent applications:

- (1) United States design patent application entitled "PORTABLE BATTERY CHARGER WITH STYLUS," US Application Serial No. 29/492,883, filed on June 3, 2014;
- (2) United States design patent application entitled "PORTABLE BATTERY CHARGER," US Application Serial No. 29/492,886, filed on June 3, 2014;
- (3) United States design patent application entitled "ADAPTER FOR AUTOMOBILE POWER OUTLET," US Application Serial No. 29/492,888, filed on June 3, 2014; and
- (4) United States design patent application entitled "PORTABLE WIRELESS SPEAKER," US Application Serial No. 29/492,889, filed on June 3, 2014.

WHEREAS, JMTEK, LLC (the "Assignee"), a Washington limited liability company, having a place of business at 18034 72nd Ave. South, Kent, Washington 98032, is desirous of acquiring the entire right, title and interest in and to said inventions, said applications and in and to any letters patent that may be granted for said inventions in the United States and in any and all foreign countries.

NOW, THEREFORE, in consideration of the recitals set forth above, which are incorporated herein by reference, and for other valuable consideration, the receipt and sufficiency of which are hereby acknowledged; Assignor hereby sells, quits claims, assigns and transfers to Assignee, the entire right, title and interest, *if any*, in and to said inventions, said applications and any and all letters patent which may be granted for said inventions or result from said applications in the United States and its territorial possessions and throughout the world, and in and to any and all divisions, reissues,

continuations, utility models or other applications or intellectual property rights of any type covering said inventions or based upon or claiming priority on said applications, together with all rights of Assignor associated therewith, including the right to file additional U.S. and foreign applications for said inventions directly in the name of Assignee and to claim priority rights deriving from said applications by virtue of U.S. laws, international convention, treaty or otherwise, and to sue for and collect damages by reason of past infringement. Said inventions, applications, all letters patent which may be granted for said inventions, and all other intellectual property rights covering said inventions or based upon or claiming priority on said applications are to be held and enjoyed by Assignee and its successors and assigns as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment, transfer and sale not been made. Assignor hereby authorizes and requests the respective national, regional and international patent offices to issue to Assignee all letters patent which may be granted for said inventions or result from said applications. Assignor agrees to execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patent on said inventions, for litigation regarding said letters patent, or for the purpose of protecting title to said inventions or letters patent therefor.
